33 Men And Women To Make Thorough Survey Of Traffic In Gettysburg This Summer

A crew of 27 men and six women will make a thorough traffic and parking survey of Gettysburg this summer, George R. Britton, head research engineer for the highway planning division of the Pennsylvania Department of Highways, told the borough council at a special meeting in the engine house Monday evening.

The survey, to be made at a cost of approximately \$29,000, will begin June 20 under the supervision of Richard Hackman.

During the period from June 20 to the last week of August the surveyors will stop cars on the roads and in streets in and out of Gettysburg to ask motorists where they are from, where they are going, and why. Other crews will interrogate persons who park to find out where they came from, why they parked where they did, and how long they plan to stay, and where they are going.

Need Cooperation

Britton told the councilmen and representatives of the Planning Commission, Chamber of Commerce and Travel Council, "We need all the cooperation we can get. We must let people know that the questions we ask are not personal. We don't use the answers in any way except as statistics. We don't know who is giving the answers, nor do we want to. We want the information only to chart traffic flow and parking use."

"We also want it known that we are not an enforcement agent. We will in the course of the survey list cars in violation. Our information, however, is not available to the police. We need to know violations because we can then tell council where changes should be made in parking. In nine years of such surveys we have found that people generally do not park overtime or illegally just to violate the law. If there is an area where there are frequent overtime violations that means that time for parking should be made longer at those spots."

Show By-pass Results

"Frequently violations represent a legitimate demand on the part of the parking motorists, that they need more time to park if they are to do the business they need to do at a particular spot."

"The survey may also show areas where parking limits can be reduced — where for example, few cars park for more than 30 minutes."

"The survey will show the volume of traffic through the town, vehicles that do not stop here, those who stop for a meal or gas only because the town is on their route. Those figures will give you the amount of traffic that would be lost to by-passes. Because we can assume that the person merely stopping to eat or get gas because he is enroute elsewhere would find that meal or gasoline on a by-pass if there were one."

Traffic To Battlefield

"The survey will also show the volume of traffic to the national park. We will have stations not only in the town but on the edges of the park."

"Stations on main roads will be open for 24 hour periods while stations on secondary roads will be open 16 hours a day. The parking survey will be made between 8 a.m. and 6 p.m. All of the stations will be open for at least two or three days during the two and one-half month period. But all of the stations will not be open simultaneously. We don't have the manpower for that. But by selecting two or three, comparable days for each station and by using automatic counters, we will be able to give a true picture of what happens here traffic-wise on an average 24-hour week-day."

"We will also have teams checking traffic of trucks, buses, cars, etc., so we will be able to tell the proportion of the different vehicles through here."

"In addition the automatic counters will be operated an entire year and by taking the proportion we will be able to tell total volume of different vehicles throughout the year."

First Such Survey

"This will be the first such survey ever made here. We appreciate that you have a special condition here because of the tourist travel."

"We expect to give you the complete report (Continued on Page 5)"

PAYS SCHOOL FINE

Robert E. Ziegler, Hanover R. 5, charged with a school violation concerning his daughter who is a student at Delone Catholic High School, pleaded guilty and paid a fine of \$2 and costs at a hearing before Justice of the Peace John H. Basehor this morning. Charles P. Ziegler, who filed the charges, testified that the child had been kept from school May 5 and 17 and June 7 "and many times before."

SIX ARE GIVEN SENTENCES BY COURT MONDAY

Six men were returned to prison by the Adams County court Monday, and another was paroled today.

The six who received sentences, all of whom were brought to court from jail where they had been held pending sentencing, were:

Paul E. Bolin, 31, 269 S. Washington St., charged with forging a relative's signature to a \$20 check, sentenced to six to 12 months in the Allegheny County workhouse and ordered to pay the costs and make restitution; Wayne A. Godwyn, 21, Neward, N. J., and York, violation of the firearms act, 60 days in the county jail starting May 28 and pay the costs; Thomas S. Guzman, 21, Bendersville, charged with assault and battery, 60 days in jail starting June 1 and pay the costs; Richard A. Vaughn, 25, Emmitsburg R. 3, driving while under the influence, 30 days in jail starting June 2 and pay a fine of \$50 and the costs; Charles J. Myers, 30, York, contempt, returned to jail to serve out a previously suspended sentence on a charge of driving while his license was suspended; Roy E. Rice, 60, Carlisle, contempt, 60 days starting June 7.

FIRE AUXILIARY MARKS FIRST ANNIVERSARY

One hundred and three women have joined the Gettysburg Fire Company Auxiliary since its organization a year ago, it was announced at the group's first anniversary party Monday evening at the site of the old CCC Camp on W. Confederate Ave.

Jumbo shrimp and ham were prepared and served by Richard Cole and Donald Staub, members of the Gettysburg Fire Department. The evening's program included group singing and record playing.

Plans were made during the business session for auxiliary members to staff the booths at the July carnival.

To Help At County Home

The auxiliary will provide sandwiches, hot dogs and coffee and staff booths during Visiting Day, June 23, at the Adams County Home, it was announced. The affair, which is held annually at the county home, will be opened at noon and will close at 7 that evening.

The women will purchase a 72-cup coffee urn to be used jointly by the fire company and auxiliary during meetings. Other donations include the supplying of lumber for six new folding tables for the firemen. Donald Staub, first assistant fire chief, will make the tables.

The welfare committee reported that it collected clothes, mattresses, kettles, etc., for the Jacoby family whose home was recently burned. The auxiliary delivered the clothes to the Jacobys. Mrs. Donald McSherry, who reported on the Women's Civic Council, asked for auxiliary members to volunteer to staff the new information center at the railroad station. Two new members elected Monday evening were Mrs. Guyon E. Buehler and Mrs. Tyson Tipton.

Auxiliary members are staffing a table in Lincoln Square every Saturday to sell award booklets for the firemen's carnival. Mrs. Glenn Raffensperger was in charge of the committee on arrangements for the party Monday evening. About 50 women were present.

RETAIL GROUP WILL OBSERVE ANNIVERSARY

Plans for participation in the observance of the sesquicentennial of the founding of Gettysburg as a borough in September were outlined at a meeting of the Gettysburg Retail Merchants Association Monday evening at the court house.

President David Blocher presented the recommendations of the board of directors which were adopted. For the sesquicentennial the merchants will arrange special window displays in keeping with the anniversary and some merchants and clerks plan to appear in costume of an earlier day while conducting their regular routine business during at least one day of the anniversary period.

Plans were also outlined for the semi-annual sales days, and a calendar was set up for the remainder of 1956.

Set Closing Dates

Thursday afternoon closings will continue and the stores will be closed July 4 and Labor Day.

During December the stores will be open Thursday afternoons and will open evenings beginning November 30 for the Christmas season.

The schedule calls for the stores to be open each night except Tuesday and Thursday and Sunday, during the period from November 30 to December 17. Then from December 17 to 24 the stores will be open every night. On December 24 the stores will close at 6 p.m.

Membership in the association is 20 and statements will be sent to other stores in a drive to enroll others.

Burglars Fail In Attempted Robbery

An attempted burglary at Floyd Miller's Service Station, Buford Ave., Monday night at about 11:45 resulted only in damage to the building according to borough police today. The thieves gained entrance by breaking a window. They failed to enter the office because the office door, bolted heavily at top and bottom, proved an insurmountable barrier.

Floyd Miller, proprietor of the station, said about four windows in the lubrication room and two windows in the doors to the main office were broken. No cash was stolen. Borough police are continuing the investigation.

LOCAL LAWYERS, COURT CANNOT SOLVE MYSTERY OF NEW ACTION

Four Adams County attorneys and an Adams County judge Monday were unanimous that a Philadelphia lawyer is going to have to do some additional work before his complaint will be acceptable to the courts here.

Three of the attorneys, Daniel E. Teeter, S. M. Raffensperger and Edward B. Bullett, told the court Monday that they had carefully read the complaint in the action in trespass brought against their clients and that they could not make out what claims or charges were being made against them.

All three added, in effect "It's not John MacPhail's fault."

Attorney MacPhail, who represented the plaintiffs in the case, had to admit the other three were correct.

Judge W. C. Sheely, who had been agreeing with the others and hustling them along with their arguments because their claims were apparent to him from his reading of the complaint, asked MacPhail, "I suppose your first plea ought to be that the thing was sent in by a Philadelphia lawyer and is none of your work?"

Must Amend Complaint

Then the court added, "You have a right to amend the complaint and I think you better had." And that is where the matter ended as far as court was concerned Monday.

The case was the action in trespass brought by David E. Mordy, Kansas City, Missouri, and Albert V. Hutlin, of New York State, against Richard E. Reichley, Sunbury, represented by Attorney Teeter; E. Mae Rhoads, Emmitsburg R. 2, represented by Attorney Bullett; and William Cook Hutchison Jr., Pampa, Texas, represented by MacPhail. (Continued on Page 5)

C. R. FUSS HEADS LIONS CLUB

Charles R. Fuss was elected president of the Emmitsburg Lions Club Monday evening at a dinner-meeting at 8:45 o'clock in the Lutheran parish house, Emmitsburg. He succeeds J. Ward Kerrigan who presided at the business session.

Others elected were: First vice president, Philip Sharpe; second vice president, Paul Claypool; third vice president, John J. Hollinger; secretary-treasurer, Robert Dougherty; lion tamer, George Sanders; tail twister, Charles Stouter, trustee for three years, Prof. Bernard J. Eckenrode. They will be installed at the next meeting, June 25.

J. Edward Houck, who spoke briefly before the assembly, said that "the Boy Scout Troop of Emmitsburg sponsored by the Lions Club, has made considerable progress."

A donation of \$25 was given to the troop at Monday's meeting.

Prof. William Sterbinsky accompanied group singing at the piano. There were 20 members in attendance. The women of the Lutheran parish served the dinner.

Sentenced To Death For Shooting At Two Soldiers

By RICHARD K. O'MALLEY

NICOSIA, Cyprus (AP)—A 23-year-old Cypriot was sentenced to death today for shooting at two British airmen.

The defendant, Stellos Mavrommatis, pleaded innocent and presumably will appeal the sentence.

British authorities last May 10 hanged two pro-Greek Cypriots for political shootings in the struggle to end British rule of Cyprus and unite the Mediterranean island with Greece. The pro-Greek Cypriot underground claimed the following day that it had hanged two British soldiers in reprisal for the executions.

Mavrommatis formerly was employed by the Royal Air Force as a clerk. Lawrence Leith and Norman Kitchen, both RAF members, testified at his trial that he was one of three persons who fired at them as they rode by on bicycles in Nicosia March 15. They said the shots missed, they fired back,

chased the three men and caught Mavrommatis.

Mavrommatis' attorneys argued that he could have met the other two men accidentally and that the shooting was a surprise to him.

British security forces, meanwhile, pushed a drive in north-west Cyprus to capture leaders of EOKA, the pro-Greek underground organization. Troops seized off a wide area in the rugged Troodos Mountains and prohibited all traffic in the region until further notice.

"Union With Greece"

Nicos Krandiotis, a top aide to exiled Cypriot Archbishop Makarios, meanwhile flew into London to confer with Socialist members of Parliament and to present Cyprus' "union with Greece" case to the British people.

There was speculation that Krandiotis' visit might lead to a (Continued on Page 5)

BOARD ELECTS SIX TEACHERS, ADOPTS BUDGET

The Gettysburg Joint School Board in a session that ran until 12:15 o'clock this morning adopted the budget for the coming school year, elected six teachers, acted in a dozen other school matters and then spent more than an hour in opening sealed bids on school supplies, equipment and furniture.

The beginning of the meeting was delayed until nearly 9 o'clock by a Property committee meeting and a heavy agenda prolonged the session. One roll call on the awarding of a contract caught a director napping in his chair at 11:40 p.m. and several left the meeting at midnight.

The board adopted finally on a roll call vote the \$568,045 operating budget for the 1956-1957 school year. The total is about \$90,000 above the budget for the current year and is in addition to fixed rentals the various districts will have to pay to the Gettysburg School Authority.

Talking Economy

The member districts base their budgets on the joint district figures and tax rates in the various member districts are set by their respective boards. The joint budget had been given temporary approval a month ago.

Just before the vote on the budget one director urged every effort at economies to keep spending below the budgeted figures where possible. Economy-minded directors cast some votes against buying costly new equipment for the high school shop although a majority favored the purchase and turned down a proposal to convert the coal-burning heat plant at Lincoln school to gas when bids indicated a cost of at least \$165.

The election of three elementary and three high school teachers came on recommendation of the Teachers' committee.

The New Teachers

The elementary teachers are: Miss Clover J. Clopper, Smithburg, Md., a graduate of the state teachers' college at Frostburg, Md., who has taught for a year at Smithburg; Miss Elizabeth Hall, Gettysburg R. 4, a graduate of Shippensburg State Teachers' College with one year of teaching experience, and Miss Jean B. Ochse, Philadelphia, a graduate of West Chester State Teachers' College with three years of teaching at Abington Twp. schools.

Those added to the high school faculty include: Miss Doris Rae Coleman, Cumberland, Md., Penn State graduate with one year of teaching experience at Mt. Savage, Md., to teach art; Mrs. Jewell H. Makolin, Clear Spring, Md., graduate of Western Maryland College, post graduate work at University of Michigan and nine years of teaching experience, to teach social studies, and Robert L. Boyer, Tamaqua, Pa., graduate this year of Dickinson College with four years of Army service, to teach English.

Salaries were not listed but are set by the Teacher committee in line with the salary schedule, based upon the training and experience of each applicant. Starting salary for inexperienced teachers with bachelor's degrees is \$3,200.

PIANO RECITAL GIVEN MONDAY

Piano octets by two age groups, the opening and closing numbers on the program, highlighted the recital given by piano and vocal students of Richard B. Shade in the chapel of St. James Lutheran Church Monday evening. Performing on four pianos placed across the front of the chapel, which was decorated with spring flowers, the younger group, consisting of Teddy Gilbert, Gary Hartman, Michael Reimer, Elaine Riffe, Ricky Shade, Eddie Thomas, Tom Thomas and Raymond Wisler, opened the program with "Chop Sticks" by John W. Shaum.

"Symphony No. V in C Minor (First Movement)," L. van Beethoven, by the more advanced students, Barbara Darrah, Barbara Keefer, Edward Nowicki, Fred Smith, Sally Smith, Patsy Snyder, Joyce Vanderveld and Joyce Kendeheart, was the closing number.

Vocal solos were presented by Louise Collins, who sang "When Song Is Sweet," Gertrude San Souci, and by Barclay Collins, who presented "I Passed by Your Window," by May H. Brahe. Mr. Shade furnished the piano accompaniment.

Piano solos were presented by the following: Joyce Vanderveld, Carolyn Musselman, David Nowicki, Janice Crow, Sally Smith, Sandra Williams, Marilyn Routson, Donald Reimer, Patsy Snyder, William Gideon, Ricky Shade, Nancy Trostle, Eddie Thomas, Barbara Keefer, Gary Hartman, Jane Weber, Suzanne Reimer, Edward Nowicki, Elaine Riffe, Allan Hoke, Tom Thomas, John Weber, Michael Reimer, Barbara Darrah, Raymond Wisler, Fred Smith, Teddy Gilbert.

The first in a series of articles on the history of Adams County churches will begin in the early future.

These are a few of the many news features that have been arranged for readers of The Gettysburg Times.

ANNUAL SCHOOL CONFERENCE IS OPENED TODAY

Dr. Albert I. Oliver, associate professor of education at the University of Pennsylvania, stressed the "ground rules and challenges" involved in caring for the needs of gifted students at the opening of the 12th annual Summer Discussion Conference this morning in Weldensall Hall, Gettysburg College. Approximately 100 schoolmen, including administrators and teachers from Adams, York and Franklin Counties, attended the morning session.

In discussing the problem of the gifted student, Dr. Oliver pointed out that in the past attention at this and similar conferences has been focused on remedial needs for the slower pupil. Now with the manpower shortage and the emphasis on the fact that "Russian scientists and engineers are outstripping our own" emphasis has been turned to the difficulties of the mentally superior children.

Dr. Oliver cited the "alarming facts" that studies of our superior students have indicated that only about 25 per cent go on to take advantage of higher education and that of those who do many do mediocre or poor work either as a result of financial problems or boredom. Now that industry has begun to relieve the former problem, Dr. Oliver said that successful handling of the latter difficulty rests with the administrators and teachers.

Conference Ground Rules

In laying down the ground rules of the conference, Dr. Oliver warned the teachers that they must recognize that not all of us are created equal in ability, opportunity or environment. He considered the different interpretations of the terms "gifted" and "talented." The gifted student is generally one with superior mental abilities; the talented person may be intellectually superior but the term designates rather a "flair along a certain line."

Dr. Oliver pointed out that the problem of identifying the gifted (Continued on Page 3)

Elmer E. Hutchison Is Interred Today

Funeral services for Elmer E. Hutchison, 90-year-old former rural mail carrier and local grocer, who died Saturday afternoon at his home on W. Middle St., were held this afternoon at 2:30 o'clock from the Memorial Evangelical United Brethren Church here with his pastor, the Rev. Harold V. March, officiating.

The body lay in state at the church for an hour before the service. Interment was made in Evergreen Cemetery. The pallbearers were Roy W. Wentz, Arthur Buehler, Frank Kemper, William Ditzler, Gilbert Elker and Clair Peppie.

HEAR REPORTS ON CONVENTION

Reports on the Rotary International convention at Philadelphia last week were presented Monday evening at a meeting of the Rotary Club at the YWCA.

Dr. Harold Dunkelberger headed a panel which gave details of the convention. Others on the panel included Roy Hammond, John Hostetter, Melvin Sargent, and Howard J. Douglass, Middleboro, Kentucky, a past Rotary District governor, who was a guest at Monday's meeting.

The reports showed there are now 430,000 Rotarians in 9,083 clubs in 99 countries. More than 10,000 delegates and families attended the convention which featured such entertainment as the Philadelphia Symphony orchestra and an all-star revue headed by Bert Parks.

Julius Swope led group singing for the meeting, accompanied by Dr. Kenneth Smoke. President Philip M. Jones presided. Various chairman announced times for their committees for next Sunday's Gettysburg Horse Show to meet. Vice President John Hostetter announced that the high school youths who were honorary members of the club during the year will be in charge of next Monday's meeting.

President Passes Comfortable Night; Spirits, Morale High; Takes 80 Steps With Little Aid

WASHINGTON (AP)—President Eisenhower today signed three documents. And his press secretary said the chief executive is "feeling fine" on this fourth day after his intestinal operation.

This was the first time Eisenhower had signed an official paper since the emergency surgery Saturday.

The President affixed his signatures while sitting up in a chair and holding the papers on his knee.

At the same time he received a report from his chief assistant, Sherman Adams, on this morning's bipartisan meeting at the White House on the foreign aid bill and asked Adams to thank personally all the senators who took part in the meeting.

Eisenhower held what amounted to a regular staff meeting. It lasted about 15 minutes. Besides Adams he conferred with Maj. Gen. Wilton B. Persons, his liaison man with Congress, and White House Staff Secretary Andrew J. Goodpastor.

YW TO CONDUCT CAMPAIGN FOR NEW MEMBERS

A membership drive for the YWCA will be conducted in each town of the county it was announced at a meeting of the board of directors Monday evening at the Y. Mrs. M. Hadwin Fischer, membership chairman said the present membership includes 485 members and nine associates.

She explained in detail plans for increased membership which were formulated at a committee meeting June 4. Mrs. John S. Rice, Y president, stressed the need for more members and interest in every phase of Y work.

Following a recommendation made to the board the women voted to open the Y building for public use on July 4 and Labor Day.

New Board Member

Mrs. Luther McDonnell, volunteer personnel chairman, announced that the following women volunteers served in the county during May: Mrs. Gertrude Weikert, Miss Martha Lentz, Mrs. Tyson Tipton, Mrs. James Howe, Mrs. Grace McDonnell, Mrs. Clara Reaver, Mrs. Milton Remmel, Mrs. Fischer. (Continued on Page 3)

MRS. FRIDINGER RE-ELECTED BY LEGION WOMEN

Mrs. Raymond Fridinger was re-elected president of the American Legion Auxiliary Monday evening at the post home ballroom when a party was held for members and their children.

Others elected were: First vice president, Mrs. Stanley Buntene; second vice president, Mrs. Charles Zhea; secretary, Mrs. Fred Gormley; treasurer, Mrs. Eugene Sikes; re-elected; chaplain, Mrs. Paul L. Spangler; historian, Mrs. Jean McCrorie; sergeant-at-arms, Mrs. Arthur Warman Sr.

The Girl Scouts from St. James Lutheran Church, who made the most money selling poppies during the recent sale, were announced as follows: First, Patricia Wagman; second, Carole Palmer; third, Paula Lupp. Children of members who made the largest amount are: First, Mickey Gormley; second, Sharon McCrorie; third, William Pinko.

Program Presented

The program, in charge of Mrs. Edith Bushman, was as follows: Group singing with Miss Patricia Bushy as leader; recitation, Gene Gormley; song, Mickey Gormley; piano solo, Susan Jene Forcey; piano duet, Mrs. Howard Hartzell and her granddaughter, Susan Jene Forcey; dance, Carol Ann Sheffer and Sharon McCrorie; recitation, Scottie Chambers; piano trio, Mrs. Hartzell, Susan Jene Forcey and Miss Bushy; baton twirling, Patricia Wagman; duet, Susan Jene and Ann Michelle Forcey; several accordion solos, Mrs. Robert Johnson; tap and ballerina dances, Jackie Fidler.

Plans were made for the post and auxiliary to visit the veterans' hospital at Mont Alto July 22. Each patient will be given a gift. Mrs. Bushman was congratulated on her election to the presidency of the Four-Council Council of the American Legion Auxiliary recently. The children received ice cream, candy, balloons and fancy hats. About 40 persons were in attendance. This was the last meeting of the organization until fall. The meeting was presided over by Mrs. Fridinger and opened by Mrs. Fred Gormley.

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower's doctors said today the President passed his most comfortable night since his operation. His spirits are high and his morale good, they reported.

The 8:15 a.m. EDT medical bulletin was issued a few hours before Eisenhower, in Walter Reed Army Hospital, was to confer with his chief aide, Sherman Adams, on the outcome of a White House conference on the foreign aid bill.

The medical bulletin said: "The President had a more comfortable night than he has had to date."

"As of this morning his temperature is 99, his pulse is 80, his blood pressure is 132 over 70, and his respiration is 20—all of which indicate an essentially normal reaction at this time."

"His spirits are high. His morale is good."

Gets Walking Exercise

The bulletin came three days after Eisenhower underwent emergency surgery to correct an intestinal block.

White House Press Secretary James C. Hagerty, who relayed the medical report from the President's doctors, said he expected Eisenhower would take walking exercise twice today as he did yesterday.

Hagerty said Adams would visit the President after an 8:30 a.m. meeting of White House officials with Senate Democratic and Republican leaders and top members of the Senate's Foreign Relations, Armed Services and Appropriations committees.

The meeting was called in an administration move to restore the \$1,100,000,000 cut voted yesterday by the House in the \$4,900,000,000 foreign aid authorization recommended by Eisenhower.

All Reports Optimistic

All of the doctor's reports to date have been optimistic.

A hospital bulletin last night said Eisenhower "again requested permission to get out of bed and try out his legs."

The doctors added: "With very little support he walked 20 feet to an easy chair where he sat for 15 minutes before he returned to bed."

He also walked back to bed, which meant he covered a total of 80 feet. He made a similar trip of 20 feet each way during the morning.

Eisenhower was said to have moved between bed and armchair with considerably less discomfort than he experienced Sunday when he took his first steps. At that time he made only one round trip, a total of 30 feet, and declared "once was enough" for that day.

The doctors have estimated Eisenhower will be in the hospital until about June 24. They also have said it would be four to six weeks from last Saturday before he would be in shape to resume his full duties at the White House.

ASSIGN PUPILS FOR RED CROSS SWIM CLASSES

The assignment of instructors and assistants and the pupils for the first two weeks of Red Cross swimming instruction, beginning next Monday morning, was announced today by Mrs. Julius Swope, Red Cross water safety chairman, and Mrs. Peggy P. Hill, the chapter's executive secretary.

Additional instructors are needed because of the heavy enrollment and qualified persons interested in helping should get in touch with the Red Cross office.

At the completion of each two-week period of training, members of the classes who have satisfactorily completed their work will be presented with Red Cross certificates on the final day of the class.

Announce Instructors

Instructors for the college pool where classes will be held from 10 a.m. to noon each day will include Dilton Bushey, Paula Boyer, Donna Rahn and Carol Burchfield. Those to serve at the Country Club pool during the same hours will be Melinda Hauser and Assistant Connie Riley, Ellen Rice and Janet Johnson.

Sarah Scott and Virginia Brown will be instructors at Crouse's pool at Littlestown from 10 a.m. to 1 p.m. and the staff for the Battlefield pool for the same hours will include Elizabeth Bucher, Suzie Ziegler, Sue Stuckey and Janie Warren. Teaching the adult classes at the College pool will be Dilton Bushey, Elizabeth Bucher, Sarah Scott, Sue Lighter, Paula Boyer and Melinda Hauser. The adult classes will be held two nights a week from 6:30 to 8:30 p.m. for six weeks starting next Monday.

COURT HEARING JULY 16 ON TWP. ROAD CHANGES

The Adams County court set July 16 as the date for a hearing on a petition of the Highland Twp. board of supervisors to relocate a road laid out January 28, 1895. The board wants to change the road because Marsh Creek floods part of it each time it rains heavily.

The road extends from the Tract Road at the land of Charles E. McGulgan to the road from Mc-Knightstown to the Heret's Mill Road near land of Wagaman.

The revision, according to the petition filed for the supervisors by their secretary-treasurer, Samuel T. Kessel, calls for relocation of part of the road along lands of D. Walker Woods some distance from the spot where the creek had been flooding the 22-foot road.

Master Is Named
Attorney Donald G. Oyler was named master in the divorce action brought by Kenneth Olinger Jr. against Bonnie Jean Olinger.

Approval was given to the charter and articles of incorporation as a non-profit corporation of the Kiwanis Club of Historic Gettysburg.

Approval was given for the distribution of the estate of John M. Papadakis, late of Gettysburg, and the discharge of the Gettysburg National Bank as guardian after the sale of property here and distribution of the estate to 12 heirs, nieces and nephews, ten of whom reside in Greece.

The estate is valued at \$38,530.12 more or less depending on amounts received from sale of local properties and income from assets on hand. The papers presented to the court show correspondence around about half the world to reach the heirs, including one whose address is listed as Greece, but who wrote back from Argentina.

Appeal Ends Quickly
Rereading of a lease brought to a quick end an appeal made to the county court Monday.

S. Clair and Frances M. Trostle, Littlestown R. 2, had operated a grocery store in property owned by Earl T. and Edna M. Inners, Littlestown. In May an ejectment action was started against the store operators by the landlord. They asked that the ejectment be stopped and judgment stricken off because they had been given no notice to move. The case was barely begun when a paragraph in the lease stating that the renters must give ten days notice if they plan to stay was read. Since they hadn't, the lease provided they had to move out.

Counsel was given a week in which to prepare briefs following a hearing on a proposed settlement of the trespass action brought by Norman Woodrow and Miriam Cullison against Harry Hartman, Mummasburg, for damages as the result of the death of a son of the Cullisons in an auto accident. There seemed agreement on a \$4,500 settlement, but the hearing disclosed that Mr. and Mrs. Cullison are separated and that the son had been helping support his mother. This led to discussion of how any damages should be allocated between the mother and father and the request by the court that the various attorneys present briefs within a week on their ideas concerning proper division.

SHERIFF SCORES "STRIKE" AT PIN FACTORY, ASPERS

It was so quiet this morning in the Aspers bowling pin factory that one could hear a pin drop.

The silence followed a visit by the sheriff, to levy on such items as 4,447 finished bowling pins, (the sheriff said he was told that the pins were worth about \$10,000), 78 sets of used ten pins, 24 sets of used duck pins, and other items including paints and varnishes, even ten bags of sawdust and 13,425 decals.

Sheriff Dorsey J. Schultz said the establishment was locked when he left, and workers at the plant left after he arrived to make the levy.

The property is listed as that of Henry and Albert D. Johnson, Lebanon, who have been operating the bowling pin factory and repair center at Aspers for some time. The levy was made by H. W. Hunt, Aspers, and the sheriff said he understood the amount allegedly owed by the D. Johnsons to Hunt was about \$5,500.

Hunt's action in county court which resulted in the levy calls for a sheriff's sale of the articles at 1:30 p.m. June 22 at the factory in Aspers.

ACCEPTS NEW POST
Richard Trussell, Harrisburg Road, has resigned his position with the A and P company, Hagerstown, and has accepted a position with the Weston Biscuit Company, with offices in Baltimore. He has been associated with the A and P company for thirteen years and at one time was a clerk in the local store.

CHURCH HISTORY IS RELATED AT MEETING OF DAC

The history of Christ Reformed Church, near Littlestown, one of the oldest churches in the county, was outlined Monday evening by the Rev. G. Howard Koons, Littlestown, at a covered dish supper held by the Manor of the Masque Chapter of the Daughters of the American Colonists for members, their families and guests at the Round Top Museum.

Christ Reformed Church was established by the first settlers in the eastern section of the county, including Andrew Shriver, believed to have been the county's first permanent settler.

Other guests at the meeting were Nawab Sarker, of East Pakistan, an International Farm Youth Exchange student who is residing with Mr. and Mrs. Roy Tate, Biglerville R. 2, and who spoke on Pakistan; Miss Mary E. Elder, Abbotstown; and Miss Wealthy Heintzelman, Fayetteville.

Elect Delegate
The chapter elected Mrs. John Gentzler, Abbotstown, as delegate to the State Assembly of the DAC to be held at Pittsburgh next fall and Miss Beulah Wentz as alternate.

The program opened with the pledge of allegiance led by Miss Elsie Eisenhart and prayer led by Mrs. Roy Tate.

CHILDREN CONDUCT WORSHIP SERVICE

As a feature of the Children's Day program at Cline's EUB Church, Gardner's, the children of the church conducted the worship service at 9:30 o'clock Sunday morning. All children participated. The program opened with the procession at which time the children marched into the church from outside, led by two and one-half-year-old Betty Wisler and Carolyn Schultz. The invocation was given by the pastor, Rev. Martin L. Lauver, followed by the singing of hymns by the congregation. The leader was Larry Barbour who made the announcements. The Primary Class, ranging in age from 2½ years to eight, sang two songs; Harold Clouse recited the 100th Psalm and led the Lord's Prayer, and Diane Wright, Sandra Pfeffer and Donna Barbour recited three verses from the Bible. Nancy Group, age 4½, sang "For God So Loved the World." Scrapbooks, which were made by the Primary Class and will be given to all children in the hospital, were then presented by Nancy Group. The offertory was received by Barry, Garry and Randy Barbour. Michael Lauver presented a vocal solo, with his brother, Richard, accompanying him at the piano. A panel discussion, on the subject of "Christian Living Today," was led by Patty Wright, with the Young People's Class participating. An instrumental number was presented by Patty Wright on the solovox, Charlotte Pfeffer on the saxophone, and Larry Barbour on the trombone.

An enlarged church, made by the small children, was displayed and described by them. The benediction was given by the Rev. Mr. Lauver, followed by the recessional, and for the postlude a collection of children's hymns was played.

Mr. and Mrs. Cloyd Vines and family, Aspers, returned home Monday noon from a 10-day visit in Johnson City, Tenn., with Mr. Vines' father, N. J. Vines, and family. Howard Vines remained in Tennessee with his grandfather for a visit. He will return home with Mr. and Mrs. Robert Price and family, Biglerville, who arrived in Johnson City Saturday for a two-week stay with N. J. Vines.

The Children's Choir of St. Paul's Lutheran Church, Biglerville, will hold no more rehearsals until school begins in the fall.

Children's Day rehearsal will be held at the Trinity-Benders' Reformed Church, Biglerville, Thursday evening at 7 o'clock. All children of the beginner, primary and junior departments are requested to be present.

"IN-LAWS"

Some people say that relatives... cause heaps of untold strife... by cutting into family ties... by using gossip's knife... they say that in-laws cause unrest... and are the reason why... even truest love can wither... sometimes even die... now I do not agree with what... some people have to say... for I have found my relatives... do much to make me gay... they are the type of people who... are neutral in their stand... and when I need them most of all... they lend a helping hand... my in-laws are my closest friends... who always do their best... to aid our little family... in passing life's cruel test... and yet they never try to give... advice unless I ask... without them life would really be... a most uneasy task... so when I hear someone exclaim... their in-laws make them grieve... I listen to their tale but find... it so hard to believe.

Four-Nation Team Leaves North Korea

SEOUL, South Korea (AP)—Pyongyang radio today announced the withdrawal of the four-power armistice inspection teams from North Korea.

An American source here said members of the truce team arrived this morning in Panmunjom, in the neutral demarcation zone between North and South Korea. He added that "presumably" all the Swiss, Swedish, Czech and Polish inspectors had moved out of the North.

The Neutral Nations Supervisory Commission ordered the withdrawal from the North after the U. N. Command told the truce teams to get out of South Korea. The U. N. Allies charged the Communist Czech and Polish truce inspectors were conspiring with the North Koreans in an effort to hide an arms buildup in violation of the armistice.

DISTRIBUTE YEARBOOK

ANNUAL SCHOOL BOARD ELECTS

student is not always easy because the student sometimes hides his ability preferring to be known as a "wheel" rather than a "brain." He pointed out that such children are generally correct in their assumption that some sort of stigma is attached to intellectual superiority. "Even teachers and administrators are sometimes afraid of brains," Dr. Oliver said, "because it presents problems of instruction they are unable to cope with."

Dr. Oliver dismissed the idea that extra work or segregation into special groups is sufficient. He noted particularly that most high schools cannot afford the luxury of special sections because two-thirds have less than 200 pupils and one-half of the schools less than 100 pupils. Such class division, when possible, does offer the gifted student a better environment in which to work, he said. But it creates problems for the teachers who now must concentrate on pupil-teacher planning that will be beneficial to the brighter students. Teachers who polish their techniques for the brighter students, Dr. Oliver said, are apt to find they are teaching better in all classes.

Informal Discussion

Procedures for meeting the needs of gifted students are to be discussed at additional meetings this afternoon, tonight and Wednesday. Following lunch in the cafeteria in Huber Hall, Dr. Edson B. Powell of the Chambersburg School System acted as chairman of an informal discussion of the "organization of the program" for the gifted child. The discussion included such topics as acceleration, honor classes, extension of experience by use of workshop, club, and laboratories, guidance and counseling and use of community resources.

Members of the conference attended a picnic at the College Lodge, Pine Grove, at 4 p.m. At 8:30 p.m. Ray W. Gray, principal of Eichelberger High School, Hanover, will serve as chairman of a discussion of general school problems.

Wednesday's schedule calls for a discussion of teaching methods with Thomas A. Clugston, assistant administrator in Waynesboro, as chairman. The meeting is called for 9:30 a.m. At 1:30 p.m. William A. Craley, principal of Central Union High School, North York, will lead the discussion of extra activities such as music, dramatics, athletics, forensics and club programs. The conference will adjourn at 3 p.m.

Registration for the conference was conducted this morning at the Weidenhall Hall lobby by Robert D. Fidler, social science teacher at Gettysburg High School. L. V. Stock, supervising principal of Upper Adams schools, opened the meeting by introducing Dr. Oliver.

C. P. Keefer, assistant superintendent of Adams County Schools and general coordinator of the Planning Commission of the conference also spoke briefly. Dr. Oliver is to attend all sessions of the conference as a consultant.

BOARD ELECTS

(Continued from Page 1)

was re-elected joint school district treasurer for another year without compensation.

Swope, Brown and Swope were re-elected solicitor "at the same salary."

There was considerable discussion and a decision to ask the Planning committee to go into the matter further on the approval of the contract with the Buehrt Engineering Corporation as architects for the proposed new grade school building here. Their fee would be 5 1/2 per cent of the total cost of the building.

There was a difference of opinion among directors about what preliminary services were being offered free by Buehrt and other architects asking for the job. One director urged the board to "consider very carefully" whether the board "wants to commit itself to a building at this time."

Confusion On County Board Letter

A letter was read from Attorney John A. MacPhail of Swope, Brown and Swope outlining the procedure prescribed by state law for getting and handling bids for school work and supplies. A part of that procedure is to have all bids opened by the board, instead of by committees as has been done in some instances in the past. It was the bid opening that kept the directors in session from 11 p.m. until after midnight.

A letter from the county board of school directors informed the joint board of county approval of the request for forwarding to the state the application for approval of plans for a new grade school building here.

There was confusion and considerable discussion on another point in the county board letter concerning the setting up of a separate attendance unit for the first six grades in Franklin Twp. That township now is in the jointure only on the high school level. It operates its own grade schools.

Some Franklin Figures

The county board is being asked for a clarification of a reference made to Franklin entering the jointure on the basis of grades 1 to 12. That was not involved in the local request and one Franklin Twp. director present objected to the whole procedure as an effort to force Franklin Twp. to come into the jointure completely.

It was explained that there was no such intention and that the procedure was required by the state to explain the absence of Franklin Twp. grade school children in planning for the new building.

The discussion brought from Dr. Lloyd C. Keefe, superintendent of schools, the observation that the Franklin lost \$949 this year by not being in the jointure for all grades.

He gave these figures: Franklin's total share of building rentals would have been \$6,402 had they been in the jointure at the elementary level. They got \$3,790 from the state, which would have left a net cost of \$2,612 to the township, but Franklin lost \$3,564 in state money by not being in the jointure completely, so the township lost \$949 thereby.

Warm Discussion On Heating

"Yes, but you're going to build another grade school," a Franklin Twp. director answered. "And so are you," Dr. Keefe replied. "That's not the way we see it," the director answered and the subject was dropped.

A Property committee proposal that a contract with W. K. Hood and Associates of York, heating consultants, be cancelled and a contract be entered into with York Shipley for boiler inspection and cleaning brought a lively discussion and a decision to send the matter back to the committee for more study.

A Property committee proposal to buy a power mower for use at Meade school was approved as was a recommendation that a small tractor be bought for lawn mowing, snow removal and grounds work at the high school.

The same committee recommended, and the board agreed, that the driveway between the high school and the Keefeauver school buildings be closed for the summer with provision for opening it for emergency traffic but trucks will not be permitted to use it.

Going Over Applications

The Teacher committee reported it is at work on applications for the local superintendency with the probability of names being presented for action at the July meeting.

A request for school funds to help pay for junior high band uniforms was deferred until more information

FFA And FHA Meet In Annual Session

UNIVERSITY PARK, Pa., (AP)—Farm boys and girls from all sections of Pennsylvania came to the campus today for the annual state meeting of the Future Farmers of America and the Future Homemakers of America.

During the two-day program, state winners will be named in various contests.

Dr. Milton S. Eisenhower, Penn State president, will address a joint meeting tonight of both groups comprising about 1,500 boys and an equal number of girls.

Diane Sutton, Shinglehouse, a high school senior, was awarded a \$300 annual scholarship for four years by the Future Homemakers. She was declared the winner on basis of her record over 32 other contestants.

Bonneauville

BONNEAUVILLE — Seventeen

girls and boys from St. Joseph's Parochial School received certificates for entrance to high school Friday evening at exercises held in St. Joseph's Church. The Rev. Fr. Leo J. Krichen, pastor, presented the certificates to the following: Anna Keller, Patricia Storm, Kathleen Strabach, Jane Strabach, Dolores Jago, Patricia Gallagher, Lee Long, Daniel Chrismer, Lawrence McMaster, Claude Smith, Anthony Legere, Vaughn Gebhart, Larry Weaver, John Kuhn and Burnell Weaver.

St. Joseph's Parochial School closed last Thursday for the summer vacation.

Alfred Smith, who completed his sophomore year at Penn State University, is spending his vacation with his father, Harry W. Smith. Mr. and Mrs. John Chrismer, Ashland, spent the weekend with relatives here.

Mrs. Floyd Miller and daughter, Jean, and H. H. Claggett visited Mr. and Mrs. Edwin Chrismer in Emmitsburg, Sunday afternoon.

is secured. Discussion of the band brought a recommendation that the Curriculum committee make a study of the instrumental program and the needs of the band and present a report to the board.

A letter from Paul B. Shearer asking compensation for injuries his wife received in a fall at the Lions show in the school auditorium was referred to the solicitor.

Permissions And Refusals

The Shippensburg State Teachers College was given permission to send commercial students here to do practice teaching. The use of the Keefeauver school auditorium was granted to a teachers' group holding a district meeting here September 15. A request for overnight sleeping quarters for a senior class from Vernon County Teachers College in Wisconsin in August was rejected.

After a statement by Robert G. eiger, band instructor, the board voted approval of plans for the district band festival here next February 7, 8 and 9. School facilities were made available to 4-H and extension youth groups for meetings if they request it.

Good Samaritan Lodge of the Masons was granted permission to use the high school cafeteria next October 12 for a Masonic event to attract over 300 Masons and officials. John O'Brien was given permission to use Room 125 at the high school for his driver training summer class.

Decide Against Conversion

The Kerrigan Paint shop on a roll call vote was given the contract for exterior painting of the Meade and Lincoln schools at their bid of \$1,524.

After four bids were opened on the proposal to convert Lincoln school's heating plant to gas with the figures ranging from \$1,165 to \$1,985, the board voted to reject all the bids and defer the project.

Bids from three firms on furnishing six new typewriters and two electric typewriters for offices and commercial rooms at the high school were referred to the Supply committee for study. More than \$1,700 is involved in the transactions.

The contract for general supplies for the high and grade schools was awarded to Roberts and Meek at their bid, lowest of three, of \$5,500. The J. L. Hammit Company got the contract for art supplies at \$1,300, the lower of two bids offered. The Frederick Post Company of Chicago got the contract for mechanical drawing supplies at \$191.

Need Furniture

The contract for a power saw went to Zerling's hardware store at their low bid of \$354 and it was on the contract for a \$1,520 20-inch wood planer for the high school shops that some directors balked. But the contract was given to Broadhead Garrett. Five scattered "no" votes were recorded. All contracts were awarded on roll call votes.

As directors began to leave the meeting at midnight, Secretary Kenneth G. Reinhardt Jr., opened a stack of bids for school furnishings and supplies which were referred to the Supply committee with power to buy from the lowest bidder. Their action will be up for ratification next month. The urgency of ordering furniture for a new first grade room was pointed out with one bidder requiring 90 days for delivery.

The monthly treasurer's report showed a current balance of \$4,815 after expenditures last month of \$40,455. The high school cafeteria made a profit of \$400 on 20 days' operation last month when an average of 33 adults and 388 students were fed. The Keefeauver school lost \$7 in the same month feeding 31 adults and 419 students. A final school nurses' report was submitted showing 1,590 pupils were handled by the nurses' office during the year.

Dr. R. D. Wickerham, president, presided at the meeting with all districts represented.

Miss Schoffstall And E.L. McGlaughlin Wed

Florence Romaine Schoffstall, daughter of Mr. and Mrs. Leroy Schoffstall, Gardeners R. 2, and Edwin Lee McGlaughlin, son of Mr. and Mrs. Ralph McGlaughlin, Biglerville R. 1, were united in marriage at a double ring ceremony performed Saturday afternoon at 2 o'clock in the Four-square Gospel Church here. The officiating minister was the pastor, the Rev. Harold L. Myers. Members of the families witnessed the ceremony.

The attendants were Mr. and Mrs. Rodney Weigle, Gettysburg R. 4. Mrs. Weigle is a sister of the bride. The bride wore a street length beige dress with white accessories and carried a white Bible with white flowers. Mrs. Weigle wore baby blue crepe with white accessories.

The bride's mother was dressed in yellow cotton with white accessories and the mother of the bride wore pink and blue check with white.

Birth Rate Drops Here Last Month

Gettysburg area's crop of babies tapered off in May.

Only 59 births were recorded in the district during May, the lowest number in any one month since March, 1953, when there were 83 births. Last May there were 83 births recorded. May's low production brought the number of births for the first five months of the year to 434 which is four less than the 438 that had been recorded during the first five months of 1955.

The May records showed 30 male and 29 female births in Gettysburg, and none in Cumberland, Straban, Freedom and Highland Towns.

Deaths showed a slight increase. There were 30 deaths in the district in May compared to 19 for the same month a year ago. So far this year there have been 97 deaths in the district compared to 94 for the first five months of 1955.

There were five male and eight female deaths in Gettysburg, one male and two female deaths in Cumberland Twp., three male and one female death in Straban Twp.

ARMY OFFICER WILL RETIRE TO COUNTY ORCHARD

Lt. Col. Corvan S. Bryan, after 28 years service in the Army, has retired and will reside near Cash-town where he operates a fruit orchard.

In a recent ceremony, Col. L. M. Flint, assistant commandant of the Quartermaster School, at Fort Lee, Va., presented Colonel Bryan with a letter of appreciation, signed by Maj. Gen. Ira K. Evans, commanding general, citing him for "outstanding performance of duty" during his period of service from June, 1928, to May, 1956.

Appointed a second lieutenant in the Army Reserve in 1928, Colonel Bryan served as a company commander with the Civilian Conservation Corps from February 1934, to December, 1938. He was called to extended active duty in October, 1940, and has served continuously since that date. He was promoted to lieutenant colonel on September 7, 1950.

Served in Far East

From May, 1941, to November, 1944, Colonel Bryan served in the office of the quartermaster general, Washington, D. C., as chief of the food service schools branch of the subsistence division. He served four years in the Far East as a food service supervisor.

In February, 1953, he was assigned to Fort Lee as a senior instructor in the food service department of the QM School, later serving as chief of the general subjects, bakery, and finally as chief of Applied cookery branch where he remained until his retirement.

Included among the ten decorations and medals he is authorized to wear are the Bronze Star medal, Commendation Ribbon with metal pendant, American Defense Service medal, American Campaign medal, World War II Victory medal, Army of Occupation medal with Japan clasp, and the Korean Service medal.

NAVY'S TALOS EXCEEDS NIKE

WASHINGTON (AP)—The Navy's Talos antiaircraft guided missile appears to be a "better weapon" than the Army's Nike, according to Sen. Chavez (D-NM).

Chavez is chairman of a Senate Appropriations subcommittee on defense funds. Yesterday, that group heard the staff chiefs of the Army, Navy and Air Force discuss the relative merits of the Talos and the Nike.

Afterward, Chavez told newsmen, "It appears from the evidence adduced at the hearing that the Talos is a better weapon than the Nike." He said it has longer range.

FIFTY YEARS AGO

General Local Notings: While working in the garden of J. McC. Gilbert, New Oxford, recently, Emory Melhorn picked up an English penny bearing the date of 1724.

Dr. H. B. Hoechst, of East Berlin, last week very successfully removed two enlarged tonsils from the throat of Charles Resser, of that place.

Indications point to a good fruit crop.

The seventeen year locusts are thick on portions of South Mountain.

Miss Rose Staub, of New Oxford, was one of the 18 novices assuming the white veil last week and entered upon the novitiate at the Mahlkrodt Convent at Wilkes-Barre, the mother house of German Catholic Convents in America.

Wedding Bells: Engle-Troxell

The wedding of Charles Engle and Miss Blanche Troxell was solemnized at the home of the bride's mother, Mrs. Mary Troxell, York street, last Wednesday at noon. At the appointed time the wedding party entered the parlor, which was beautifully decorated with ferns, roses etc., to the strains rendered by Miss Louise Stahle. The party consisted of the bride, the groom; the maid of honor Miss Grace Troxell, a sister of the bride, and the groomsmen, Mr. Paul Engle, of York, a brother of the groom. They were preceded by the two ribbon girls, Misses Margaret Troxell and Henrietta Engle, sisters of the bride, and groom respectively.

Rev. Dr. T. J. Barkley performed the ceremony. Only the immediate relatives were present. After the ceremony a wedding dinner was served, and the party left on the 3.52 train for Baltimore, Washington and Philadelphia. They will be "at home," 50 Hanover St., after July 1st.

Mock-Stern — The hospitable home of Mr. and Mrs. C. A. Stern near Idaville, Tyrone Township, was the scene of a beautiful wedding last Wednesday at noon when their daughter, Miss Naomi Grace, was wedded to George R. Mock, of Pottsville.

Miss Stern was attended by her sister Estella, as bridesmaid and Frank W. DeVey, of Chicago, acted as groomsmen. The floral decorations consisted of roses, carnations, smilax, syringa blossoms, peonies and ferns.
The bride is a very popular young lady and has a host of friends throughout Adams County. The groom is employed by the Beech Nut Packing Co., of New York, with headquarters at Pottsville, where the couple will reside.

Local Miscellany: Work on the foundation for the new ice plant has been commenced and will be pushed rapidly.

Hagerstown Fair managers will probably get Sousa's Band for the big show.

Wm. Arch McClean, Esq., has had a cement pavement laid in front of the "Compiler" building. The job which is a very creditable one was executed by Charles E. Lady.

The Ladies' Mite Society of St. James church will hold a Strawberry and Ice Cream Festival at the home of Mrs. Calvin Gilbert, Thursday evening, June 14. Public invited.

The annual Pan-Hellenic dance given by the college fraternities in Xavier Hall Friday evening was largely attended.

Today's Talk

NEVER DESERT A FRIEND

Each of us accumulates friends as we go along in life. Some stay with us, and we with them; others drift away, and many are forgotten. But the substantial and loyal stay with us "until death do us part." Friends can be appraised. There is something deathless about a genuine friend. Never should we desert that one.

Friends are woven into the very fabric of our being. They are truly our other selves. We like them near, especially when sorrow comes, or disappointments enter one's experience. Then it is that we wish for wisdom greater than our own. Sharing with our friends our many experiences is what should be one of the joys of friendship.

We never know when we are to need a friend, when nothing else can do. We are dependent then. We will never meet the perfect friend, so we should build upon every good and attractive trait that our friend may have. Just don't disturb the faults. Most of them in time disappear anyway. Love is blind to them.

It's our friends who help us to fulfill our mission in this life. People with no mission need no friends! We can express ourselves with our friends and not be misunderstood. You see, with real friends, your best qualities are what count in all summing up. Friends know how to "never mind," and to overlook. Imagine for a moment how you would feel if you knew you had no friends.

Eddie Guest once said that "it takes a heap of living to make a home." Well, it takes a heap of living to make a friend. Once made, however, you will be able to enter a companionship that can be treasured for a lifetime. How important, then, to keep close to all you have. Never desert a friend!

Tomorrow Mr. Adams will talk on the subject: "World Of Wonder"

Just Folks

HIS BUSY DAD
His Pa is always busy getting rich. He's always busy when he gets home at night.

With no one who can tell him which is which.
It's not his fault he mixes wrong with right.

He never takes his youngster on his knee.
And tells him what is good and what is bad.

I'm sorry for the little chap, for he is one of those who has a busy dad.

His Pa is in his office every day. He's thinking of his business all the time.

He's putting many dollar bills away.
As though not being wealthy is a crime.

But somehow in the little fellow's face
There is a look that's solemn-like and sad.

And if I were to diagnose his case,
It's just because he's got a busy dad.

He'd like to have his father by his side.
He'd like to walk along and hold his hand.

Upon his shoulders broad he'd like to ride.
And ask him things he doesn't understand.

If he could tell, as all his playmates do,
His troubles to his father, he'd be glad.

How pitiful his case is, through and through.
The little boy with such a busy dad.

that the brutal assault was committed. All of them had either seen Eyler strike Miller with pump handle or heard him make threats. Few of the witnesses, however, were able to identify Eyler.

At the conclusion of the testimony Justice Hill committed Eyler to jail for August court.

Eyler was not represented by counsel at the hearing. Aside from stating "that he was drunk and did not know what he was doing" when he committed the deed, he had little to say. During the hearing he was very nervous and spoke with difficulty. He sat in a stooped position and refrained from looking up except when requested to do so. He is a man about 24 years of age, 5 feet, 7 inches in height, wears a small, sandy mustache and is of fair complexion. His wife is said to be but 17 years of age.

DENIES DARCY
APPEAL; TO DIE
AFTER 8 YEARS

WASHINGTON (AP)—The U. S. Supreme Court has denied a new trial to David Darcy, 30-year-old Philadelphian who has won 25 reprieves from the death sentence imposed by a Bucks County, Pa., Court eight years ago.

Darcy and two other companions in a holdup slaying at Feasterville, near Doylestown, have been sentenced to die in the electric chair. William Kelly, a bystander, was shot as the trio and a fourth youth fled the scene of the holdup. He died on Christmas eve, 1947, two days after the hold-up.

In a 6-3 decision, Justice Burton said yesterday the court disagreed that Darcy had been deprived of his constitutional rights to a trial without prejudice.

Three Dissent
Justices Harlan, Frankfurter and Douglas dissented.

Throughout the long legal battle for his life, Darcy has contended in state and federal courts that the trial was conducted in an atmosphere of "passion, prejudice and hysteria," that newspaper articles and editorials aroused prejudice against him and that the presence of county Judge Calvin Boyer, who has since died, "influenced and guided the jury's imposition of the death penalty."

Harold Foster and Harry Zeltz, who were convicted in separate trials and are awaiting the death penalty, hinged their hopes on the Darcy appeal.

Felix Capone, the fourth accomplice, pleaded guilty and received life imprisonment.

Darcy's counsel, Charles Margiotti, could not be reached for immediate reply for comment.

Order New Date

The state Justice Department in Harrisburg said a new date must be set for the execution unless added legal moves prevent it. Zeltz has a petition for commutation of his death sentence pending before the State Pardons Board. Darcy has been denied commutation appeals twice but presumably could ask for another hearing.

BLIND PENSIONS
ARE BOOSTED
\$10 PER MONTH

HARRISBURG (AP)—Some 16,550 blind persons on the state pension rolls are receiving an extra \$10 in their June checks this week.

A new law signed by the governor May 21 raised the monthly pension from \$50 to \$60—the first boost in state blind pensions in five years.

"We were able to get the bigger checks out in such a short time because the department expected what was coming and we were ready for it," explained Robert P. Wray, deputy secretary.

Hikes State Cost

"The higher pensions will mean that the entire program now costs the state just over a million dollars a month," he added.

The new law appropriated \$2,150,000 for the additional grants during the remainder of the fiscal period ending May 31, 1957.

Wray said that although figures are not available yet it was expected the higher pensions would not result in any sharp increase in the number of applicants.

In addition to raising the pension payment the new law allows a blind person to have a maximum income of \$208 a month rather than the old limit of \$143.

Other Income

Previously if a blind pensioner received more than \$93 a month from other sources he could not qualify for the entire \$60 state pension and would get only the difference between his income and \$143 a month.

Now pensioners can make up to \$148 a month and still qualify for the entire \$60 a month pension.

Blind persons receiving state aid must have less than 10-200 of normal vision in the better eye, own real or personal property assessed at less than \$5,000, and live in Pennsylvania at least a year.

The new increase in the monthly grant is the second since the pension program was inaugurated at \$30 a month.

PORTALES (AP)—Candidates for county office left it strictly to chance to determine the order in which they would appear on the ballot. The county clerk provided dice and a game of craps settled who came first.

YOUTH DROWNS IN SUSQUEHANNA

GOLDSBORO, Pa. (AP)—A 16-year-old Goldsboro youth drowned in the swift-flowing Susquehanna River near here in York County yesterday despite rescue efforts of two boys and a man.

Cecil Anderson apparently became fatigued while swimming and called for help as he sought to stay aloft in 10 feet of water 100 feet from shore.

Robert Warren and Bartram Goldsboro, tried to bring the youth back to shore but the current was too strong.

One of the boys got a rowboat but that too was no match for the swift river. Even a motorboat piloted by Malcolm Wertz, 24, of the same address, failed to get close enough to rescue the youth.

He went down below the surface after the three would-be rescuers were too tired to aid him further.

The body washed up on the shore 50 feet downstream about two hours later.

PITTSBURGH (AP)—Hilton Hotels Corp., the nation's biggest hotel chain, Monday announced it will build a new 15-million-dollar hotel in Pittsburgh's redeveloped Gateway Center.

Strayer—Poe
The marriage of Miss Elva Marie Poe, daughter of Mr. and Mrs. Walter G. Poe, of East Berlin R. 3, and Kenneth I. Strayer, of York, took place Sunday at 2 p.m. in Trinity Lutheran Church, York. The Rev. Harold J. Crouse officiated at the double-ring ceremony.

Mrs. Noah Koller played the traditional wedding marches and Mrs. Edward Pfeiffer sang.

The bride was attended by her sister, Mrs. Anna Hansford, as matron of honor. The bridesmaids were Miss Rita Mae Harbaugh, the bride's cousin, and Miss Deanna Wilt, the bridegroom's niece, all from York. Jackie Poe, Spring Grove R. 3, the bride's niece, was a junior bridesmaid. Flower girl was Sheryl Poe, East Berlin R. 3, the bride's niece, and James Gable, York, the bridegroom's nephew, acted as ring bearer.

John Kemmerly, York, was best man and serving as ushers were Jacob E. Strayer, brother of the bridegroom; Clarence Poe, brother of the bride, and Larry Wilt, the bridegroom's nephew.

After the ceremony, a reception was held in the church social room. The newlyweds are making a tour through five nearby states and then will make their home at 700 W. Princess St., York.

Young Tom Brewer Is Leading Boston Red Sox Hurler With 9 Wins; Baltimore Beats Tigers

By ED WILKS
The Associated Press
Tom Brewer, the kid right-hander, was almost forgotten in pre-season talk of Boston's pennant potential, but now he's the ace of the Red Sox staff and the only American League pitcher with nine victories.

Last spring, the 24-year-old North Carolinian was mentioned only as the fourth man in Boston's pitching picture. Frank Sullivan, Bob Porterfield and Willard Nixon were the big guns—but now they can only count nine successes among them with 10 defeats. Brewer's only loss was to New York.

An 11-10 record last season and a 10-9 mark in 1954 put Brewer in the shadows. Now he's sailing free and easy, with a 2.38 earned run average, eight straight victories and six complete games in his 11 starts. What's more, he has Cleveland's Indians stuffed in his hip pocket.

Hurls Three-Hitter
He set down the second-place Tribe on three hits last night 5-1 for his seventh straight verdict over the Indians, the third this season. He didn't give a hit after a fourth-inning double by Vic Wertz as the Sox salvaged a split in their day-night doubleheader. Porterfield gave the Tribe only four hits in the day game, but three of them were home runs and Cleveland took it 4-1.

Baltimore replaced Detroit in fifth, by one point, edging the Tigers 5-4. Washington split a twin night twin bill with Kansas City, winning 4-3, then losing 6-3. New York and Chicago were idle.

Knocks In Winning Run
Brewer had two singles and drove in the deciding run last night against loser Mike (4-6) Garcia after Jackie Jensen had tied it 1-1 with his sixth homer. Ted Williams had two doubles in Boston's 10 hits.

The Cardinals chipped in three unearned runs as the Dodgers scored four in the eighth, then led it with Randy Jackson's twin double in the ninth. Tom Poholsky lost his fourth straight while Don Newcombe won his fifth with Clem Labine's relief. Duke Snider had two homers and a single for three RBIs for the Braves.

Braves Slump
While the Dodgers, who benched slumped Roy Campanella, were making it seven victories in nine games, the Braves were losing their ninth decision in the last 12—at home. Stu Miller, the ex-card, put his lifetime mark at 6-2 against Milwaukee while Gene Conley lost his third. The Phils packed it away with three in the fifth on four singles and Gran Hamner's double.

Frank Lary, the kid who beats the Yankees, was bopped for three Baltimore runs in the first and the clinching markers in the fifth on Bob Nieman's two-run homer. Hee Brown won his third in relief.

A three-run pinch homer by Carlos Paula beat reliever Bobby Shantz and the A's in the eighth-inning of the opener, in which Johnny Groth's two homers accounted for the Kansas City runs. Pete Ramos won it in relief. Alex Kellner won the nightcap, giving himself two runs on a single.

Will Rematch Ortega And Gene Poirier

NEW YORK (AP)—Matchmaker Teddy Brenner today planned to rematch Mexico's Gaspar (Indian) Ortega and Gene Poirier of Niagara Falls, N. Y., and well he might.

They are both action-plus club fighters and they staged a stirring 10-round television scrap at St. Nicholas Arena last night.

Ortega, the 6-5 favorite, was awarded a split decision in a tightly fought contest.

Referee Ray Miller (5-3-2) and Judge Joe Eppy (6-4) each scored for Ortega. Judge Nick Gamboli had it even, giving each five rounds and five points. The AP card had Poirier in front 5-4-1.

There were only six clinches, three of them in the final round when both were weary from the furious pace. Both bled from the nose and blood sprayed over the ring each time they were hit on the nose, which happened often. Both weighed 151.

The Lions moved into a tie for first place in the Littlestown Little League Monday evening by defeating the Vets in a free-scoring game 10-6.

A six-run rally in the top of the fourth enabled the Vets to tie the score at 6-6 but the Lions pushed over a run in their half and then sewed up the decision with three more in the fifth.

The opposing pitchers, R. Bedford and L. Snyder, hurled good ball, each allowing but three hits while fanning eight. However, errors played a prominent part in nearly all of the scoring.

CAMPANELLA IS "BENCHED"

ST. LOUIS (AP)—Roy Campanella, Brooklyn's three-time Most Valuable Player, currently benched with a .212 batting average, says he's "not worried a bit" about his slump.

Dodger Manager Walt Alton announced before last night's game he was taking his tireless 34-year-old round man out of the lineup "for a rest." Alton said Campanella had been playing on a bad leg the last two weeks.

After his club's 8-6 victory which knocked the St. Louis Cardinals into third place last night, Alton maintained he hadn't benched Campy for weak hitting.

"Isn't he entitled to a day off once in a while?" Alton asked. "Any other catcher—Berra (New York Yankee star) or any of them—gets a day off and nothing happens. But Campanella is rested and you fellows want to make a big thing out of it."

Campanella insisted "I'm not tired out." He said his leg injury is "just a pulled muscle."

"He's the manager and he does what he sees fit to do," Campanella said. Alton said Campy probably will be back in the lineup tonight.

Campanella has played in 41 of the club's 47 games this season. His six home runs and 22 runs batted in is far below his usual pace.

reopening of talks between Britain and Cyprus on the future of the Mediterranean island colony. Sir John Harding, British governor general of Cyprus, already is in London conferring with government leaders. Some quarters thought Krandiotis might be given new proposals to bring back for consideration by island leaders.

There was no indication however that the Cypriot visitor would meet any members of the government.

A Colonial Office spokesman said Krandiotis had made no request to meet any official in that country but any such request "quite likely" would be granted.

After talks broke down last March, Makarios was exiled to the Seychelle Islands in the Indian Ocean. The British charged he was partly responsible for EOKA's campaign of violence against them.

British Labor party leadership has officially disassociated itself from the Conservative government's Cyprus policy.

ed by Attorney Raiffensperger. As far as could be determined the action stems from an accident on the Emmitsburg Rd. August 30, 1953. The plaintiffs are believed to have been passengers in Hutchison's car. There were no details in the complaint as to how the crash occurred, what cars were involved or other information except that the plaintiffs were injured.

The local attorneys said there was another mystery in the trespass action. The same date the action was filed here, it was also filed in federal court, they said. They added that they had no idea of why the case should be in both courts at the same time, and said they assumed that somewhere along the line one or the other of the cases — either in the Adams County court, or the federal court — would be dropped.

In the meantime the complaint was on its way back to Philadelphia. If it is to stay in Adams County court it will have to be considerably revised.

POLISH ARCHER DIVES THROUGH WINDOW TO FLEE FROM RUSSIANS

LONDON (AP)—A young Polish archer who dived through a washroom window to elude Communist guards said today he will seek political asylum in England.

Romauld Kazimierzczak, 26, made his successful break Sunday when the Polish team was competing in an international tournament at Windsor. He was a star member of the bow and arrow group.

Kazimierzczak said he ducked into the washroom near the scene of the match. To escape the Red guards watching the archery team, he popped through a window on the other side of the building and ran to a car his brother Joe and an organization of anti-Communist Polish refugees had provided.

He was whisked away to a hiding place in London. A reunion followed with his mother, Mrs. Marie Kazimierzczak, who told reporters she came to London in 1942 after escaping from a Russian prison.

The brother Joe came to Britain in 1947 and now is a mechanic at suburban Slough.

"For three years I've wanted to escape," said Romauld. "I knew it was now or never."

He said he would give himself up to police later this week. Britain seldom refuses asylum to political refugees.

A spokesman for the Polish Embassy told reporters, "We have nothing to say."

Steelworkers' Wage Committee To Meet

NEW YORK (AP)—The United Steelworkers of America has called its 170-member Wage Policy Committee to a meeting here Friday, apparently in anticipation of a contract offer from the nation's "Big Three" steel producers.

A union announcement yesterday said only that the committee was being summoned to keep it informed of negotiations, but the union had said earlier it looked for an industry wage offer sometime during the week.

Meanwhile, the union's 39-member executive board was scheduled to meet here late today. The board usually makes recommendations for the policy committee to act on.

Union-management negotiations were recessed yesterday until tomorrow.

ciani, Mechanicsburg R. 4, was reduced by \$16 per week and he was commended for the faithful manner in which he had kept up his support payments when a hearing showed his wife had obtained a divorce in 1951. An arraignment that had accumulated since he brought the request for a reduction was stricken off. Casciani told the court he had not known he was entitled to a reduction and brought the request on the advice of the county probation officer here after the officer learned of the divorce.

Order Is Dismissed
The desertion and non-support case brought against George M. Sollberger Jr., R. 4, was dismissed when Mrs. Sollberger did not appear. District Attorney Daniel E. Teeter said he had learned that Mrs. Sollberger did not wish to appear in court and that he had been unable to locate her at various places he thought she might be staying. Mrs. Sollberger, he said, is believed to be 14 years old "but appears much older" and a divorce action is in process.

The non-support case against Buddy Richard Wagon, Waynesboro, was discontinued by agreement of his wife and he was given three weeks to pay the costs.

Similarly the desertion and non-support case brought against William D. McKenrick, 254 York St., was dismissed when the couple told the court they had reconciled. Asked how long the "desertion" had been, the couple said "about 24 hours."

Earl M. Lehigh, R. 4, called before the court because he had been in arrears on payments, was reported paid up — all but the costs. He was given until July 1 to pay the costs.

A 76-year-old father, James G. Slaybaugh, learned that his children do not have to support him following a hearing on a petition for support of an indigent person. Slaybaugh is receiving \$240 every two weeks from the Department of Public Assistance and at the request of the department brought the suit against his children: Walter E. Slaybaugh, York; Margie Irene Slaybaugh, Harrisburg; Beulah Belle Harr, 633 York St.; Howard H. Slaybaugh, York; Dorothy Helen Klueck, Hershey; and Katherine Elizabeth Shepherd, Biglerville R. 2.

Lived With Relatives
Testimony showed that the members of the family against whom support could have been levied had been "on their own" since about age eight or ten. Following death of the first Mrs. Slaybaugh the older children lived with relatives and the court held that they had not been supported by their father. The case was dismissed under a state law which provides that while children must support their parents if able, "no child shall be liable for the support of an parent who abandoned the child and persisted in the abandonment for a period of ten years during the child's minority."

Earl S. Bittinger, Hanover merchant, was ordered to pay \$40 per week for the support of his wife. Bittinger had been paying \$50 per week but dropped the payment under private agreement to \$25 per week because, he said, the opening of new supermarkets in Hanover is causing a "sharp decline" in his grocery business. Mrs. Bittinger is residing with her parents, and Bittinger cares for their three children. She told the court "a woman ought to have \$50 to \$75 a week for clothes."

Robert E. Watson, Gettysburg R. 5, was ordered to pay \$40 per week for the support of his wife and children following a hearing. Walter L. Hershey, Washington, D. C., was ordered to pay \$8 per week for the support of a minor child.

PIRATES FACE CINCINNATI IN CRUCIAL SERIES

NEW YORK (AP)—Who would have thought that the Cincinnati Redlegs and the Pittsburgh Pirates would be playing a crucial game for first place this late in the season? The teams begin a two-game series in Cincinnati tonight with the Redlegs a half-game in front.

A year ago today, Cincinnati had a 21-28 record and was 17½ games behind the pace-setting Brooklyn Dodgers. The Pirates had 17-36 and were 24½ lengths removed from the top rung.

Rookie outfielder Tito Francona of Baltimore, who stole three bases in his first 39 games, has come up with four thefts in his last six games to tie the Detroit's Harvey Kuenn for the American League lead. Each has seven.

Bob Friend of Pittsburgh has taken over as the "mostest" National League pitcher from Philadelphia's Robin Roberts. Friend has won the most games, 10; has pitched the most innings, 112; the most complete games, 9; the most strikeouts, 71 and the best earned-run average, 2.65.

Manager Charley Grimm has a couple of good pinch-hitters in Chuck Tanner and Wes Covington. Tanner has collected 5 hits in 13 at bats as a substitute batter for 385 while Covington is 5-for-14 and .357. Tanner had a pinch hit last night as the Phils drubbed the Braves 6-2.

HOPE TO COAX DR. EISENHOWER TO RECONSIDER

PITTSBURGH (AP) — George H. Deike, chairman of the Pennsylvania State University trustees, said Monday he hopes to get Dr. Milton Eisenhower to change his mind about quitting the presidency of the school.

"I'm getting in touch with Milton just as soon as possible," said Deike, board chairman of the Mine Safety Appliance Co. "I hope that he will change his mind about resigning. We'll do everything we can to keep him. Perhaps he might like a leave of absence. We'd be glad to give him a leave for as long as he likes."

Dr. Eisenhower, the younger brother of President Eisenhower, has been in Washington since the President became ill Friday. His resignation, which he asked to be effective not later than Dec. 31, was read to the Penn State board of directors shortly before he left for Washington.

"Purely Personal" Reasons

Dr. Eisenhower emphasized again to newsmen in Washington Sunday that he is resigning for "purely personal reasons." James Haggerty, the President's press secretary, said the President had been informed of Dr. Eisenhower's plans to resign several weeks ago.

Dr. Eisenhower said he "will make no decision about the future" until he has had a long vacation.

Deike said he and other board members were surprised when they received Dr. Eisenhower's letter of resignation. He praised the President's brother as "a credit to the educational field and a credit to our university."

Salary Not Involved

"The board has not discussed a successor," Deike declared. "We want him to stay."

Deike indicated that a question of salary was not involved and that a salary adjustment could be made if necessary. Dr. Eisenhower received \$20,000 a year when he became president of the university six years ago after leaving his post as president of his alma mater, Kansas State University. Deike said his present salary is "more than \$25,000."

Dr. Eisenhower refused to comment directly on reports that he may become president of Johns Hopkins University. His close associates at Penn State said they thought his resignation was handed in "for intensely personal considerations" and bore no connection whatsoever to his advisory role in Washington. He has been one of his brother's chief advisors on Latin America.

LIGHT WEIGHT TRUCK SALES DROPPING OFF

By SAM DAWSON

DETROIT (AP)—Two toned cars may be the glamor girls of the automobile industry but this year it's the broad beamed trucks that have been bringing home the sales and the profits.

But of late even the trucks, like so many other things in the economy, have begun to show a split personality.

Light weight truck sales have turned soft, industry spokesmen here say. They report a drop in purchasing by farmers, one of their big customers. Makers hope for a sales pickup in the fall as farmers move harvests to market.

Want Big Truck

Heavy duty trucks, on the other hand, are still barreling right down the highway. And the new multibillion-dollar highway system now in the works doesn't cloud their forward vision in the least. Backlogs of orders are high. Truck builders think the times are right for them.

They cite: The many new plants being built on the outskirts of cities or along the thoroughways; the plants being dispersed into semi-rural or previously non-industrial areas; the rush to the

British Diplomat, Wife Separate

LONDON (AP)—Mrs. Anthony Nutting, wife of Britain's glamor-boy diplomat, says she and her husband are separated but she isn't thinking about a divorce.

"It is an official separation, and there has been a financial settlement," said Mrs. Nutting. "So far as I am concerned there is no question of divorce."

Mrs. Nutting gave no reason for the rift.

Nutting, 36-year-old minister of state for foreign affairs, is one of the brightest of the Conservative party's younger lights. As the leader of several British delegations, he won widespread respect for his diplomatic skill and ability in debate. His suave good looks made him a favorite with feminine audiences.

suburbs from the cities, meaning a rash of shopping centers and branch stores to be served; and changes in a number of state laws to permit bigger truck and trailer units to pound the highways.

Heavy duty truck builders point out that for some time their gains have outpaced the truck market as a whole. The independent truck makers have worked this field hard. The big auto companies are now bringing out new designs to fight for more of the heavy truck sales volume.

Future Is Bright

Robert F. Black, chairman of White Motor, a heavy truck builder, finds business much better than last year. He believes "the healthy demand for the heavy duty trucks will be sustained for some time." John L. McCaffrey, chairman of International Harvester, says in Chicago, "Our backlog of motor truck orders shows no signs of diminishing." White Motor forecasts a healthy gain in output of heavy duty trucks.

Trailer makers are right in there, too. Roy Fruehauf, president of Fruehauf Trailer, is even more confident in his predictions than are the truck builders. He says his sales should show a 70 per cent gain this year.

Those roads are going to get more crowded all the time!

SWIMMER SAVES WRECK VICTIMS

KEY WEST, Fla. (AP)—A 36-year-old man staggered ashore at Key West Monday after an 8½-hour swim through choppy seas to send Coast Guard craft to the rescue of three other survivors of a wrecked fishing boat.

Ray Wraymond, 36, told officers at the Boca Chica Naval Air Base where he reached shore that he swam nine miles after the charter boat Golden K went down during a squall.

A Navy helicopter spotted the boat's three other occupants clinging to the wreckage and a Coast Guard boat picked them up.

Struck Island

Wraymond was admitted to a hospital along with Dorothy Snell, 35, and Winford Bennett, 39. The other survivor, Frank Young, did not require medical treatment. All are from Marathon, Fla.

The Golden K, owned and captained by Bennett, struck a submerged island at Pelican Shoals southeast of Key West during a rainstorm at noon Sunday and sank at 4:30 p.m.

Wraymond started his swim 20 minutes later and reached shore at 1:20 a.m. after a nine-mile struggle through waters heavily infested with barracuda. He started with a life preserver but it came apart during the swim.

"I almost gave up a couple of times and thought of trying to drown myself," Wraymond said. Wraymond, Bennett and Miss Snell all were suffering from burns from gasoline which spilled out of the boat's ripped tanks. Miss Snell also was treated for an injured knee and abrasions.

Commies Switch Tactics Here To Gain More Influence In U.S.

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—The leaders of the American Communist party at a secret meeting in March, decided to differ with the Russian leadership from time to time—but never on basic issues.

The information comes from a source which cannot be named but is completely reliable. The decision does not mean any break between Moscow and the U. S. party leaders who for years have slavishly followed every twist in the Moscow line.

Far from it. It is simply a switch in tactics intended to make the American party look less like a Russian stooge and to try to gain some influence and tolerance in the United States.

Startling Editorial

But last week's startling editorial in the party newspaper, the Daily Worker, sharply criticizing the new Russian leaders cannot be assumed to reflect the party's new tactics.

It is an educated guess—and that phrase is used carefully—that John Gates, Daily Worker editor, has already been secretly condemned by the party leaders for going much further than they liked or intended.

The March meeting followed the February attack made in Moscow on the dead Stalin by Communist party boss Khrushchev. He talked to the party's 20th Congress and said his remarks should not be leaked to the public.

Remarks Leaked

But they were leaked. Last week the State Department made public a 25,000-word version of Khrushchev's speech.

Khrushchev suggested Communists around the world switch tactics and try to create popular fronts with Socialists and others in order to take over peacefully when and where they can.

He specifically said, however, that revolution still would be necessary in those countries which resisted overthrow without violence.

U. S. Reds Briefed

It is also an educated guess that the U. S. Communist party re-

ceived—before its March meeting and after Khrushchev's talk—instructions from the Kremlin on what line to follow in order to gain more power here.

The same reliable source which provided the information about the secret March meeting said Eugene Dennis, the party's secretary and real leader, laid down the new line at the meeting.

He quoted Dennis that it would have been smarter if through the years the American Communists had not always gone along—in public—100 per cent with everything Moscow said or did.

As an example, Dennis is said to have cited the party's complete endorsement of the 1939 Hitler-Stalin pact which not only shocked Americans in general but so disillusioned many Communists that they got out of the party in droves.

Dennis reportedly said it would have been shrewder if the party had straddled the fence on the Hitler-Stalin agreement. Dennis, 51, was one of the 11 top Communists found guilty in 1949 of conspiracy to teach overthrow of the government. He was given five years in jail.

Editor Gates' editorial in the Daily Worker last week criticized Khrushchev, in denunciation of Stalin, for not mentioning Stalin's attacks on the Jews. It raised questions about the role played by Khrushchev and the other new Russian leaders in Stalin's lifetime.

Gates, 43, was one of the 11 Communists convicted with Dennis. He, too, drew five years. It is possible the party may try to Gates' editorial, even to saying it

WILL DIVIDE ART COLLECTION

HOLLYWOOD (AP)—The film masters last night to say farewell to Hollywood's most famous art collection at a lavish party given by Mrs. Edward G. Robinson.

It was one of those parties that is seldom seen in these times of TV and taxes. There were champagne and cordials, crab from Alaska, shrimp from Louisiana and desserts that were out of this world.

Greer Garson, Van Johnson and Susan Hayward were among the 150 who tasted of the delights and revelled in the greatest art collection west of the Mississippi.

The reason for the farewell was the broken marriage of Edward G. and Gladys Lloyd Robinson after 29 years of wedded life and art collecting. Their divorce comes up in court July 20. Robinson is now starring on Broadway in "Middle of the Night."

"I suppose we will divide the

does not represent the party's views.

In short, the American Communist leaders want to give the appearance, but not too strongly, of being their own men. They know that being considered Russian stooges stands in the way of any progress they hope to make.

BROOKLINE, Mass. (AP)—Top-seeded Delmar Gunderson of North Carolina, the nation's 14th ranked women's tennis player, only had to appear to get through the first two rounds of the College Girls Invitational tournament at Longwood.

Miss Gunderson drew a first-round bye yesterday and then won by default from Ann Myatt of Regis College.

Second-seeded Mary Hudcovich of Penn State won both her matches in straight sets to advance. She defeated Barbara Werner of Sargent College 6-3, 6-3 and then breezed past Barbara Keefe of Boston University 6-1, 6-1.

Secretary Finucane will be introduced by Maj. Gen. Max S. Johnson, commandant of the Army War College. Music will be provided by the Second Army Band, Fort Meade. Post Chaplain Ivan C. Whipple will deliver the invocation and the benediction will be given by Chaplain John C. Radlinski.

Trilogy Club Founded In 1914 To Spur Education Through Varied Programs

The Trilogy Club is unique for its originality of title and for its singularity of purpose. Founded in 1914, the club is composed of 20 members from the Biglerville area, the Bendersville area and Arendtsville. Originally most of the members were fruit growers. A discussion preliminary to the founding of the club began sometime in the fall and winter of 1913 according to the original minute book. Mrs. Aaron Weidner, of Arendtsville, gathered a group of women together at her house to see if such an organization were desirable. "All were willing and enthusiastic and the following officers were elected: Mrs. Robert Eldon, president; Mrs. Aaron Weidner, vice president; Mrs. William C. Tyson, secretary; Mrs. Florence Michener, treasurer." Charter members were: Mrs. William Adams, Mrs. William Boyer, Mrs. Mary Elizabeth Gove, Mrs. Arthur Griest, Mrs. Joseph Prickett, Mrs. Edwin Tyson, Mrs. Chester Tyson, Mrs. William Tyson, Mrs. Aaron Weidner, Mrs. Jacob Rex, Mrs. Robert Eldon and Mrs. Florence Michener.

During its young years the club was called "The Happy Hour" Club. Not until November, 1916, was the name Trilogy adopted. The club joined the State Federation of clubs but severed the affiliation in 1942.

From its beginning the club has prided itself on its educational programs of timely interest to all club members. Some of the following topics came to light in browsing through the old minute books: In 1914 discussions were held on Current Events, the Sistine Paintings by Michelangelo and Women Suffrage. This last topic occurred six years before the suffrage act was actually passed. In 1915 there was a discussion on "Modern Inventions and Their Use and Effect on the Present." This might have included at that time the submarine, the automobile and airplane.

On the April, 1916, page of the minute book this passage appeared: "As April is the month marking the 300th anniversary of the death of Shakespeare, it was decided that the next two meetings should be given to celebrating this event." At the April meeting Hamlet's Soliloquy was read. In addition the following phases of Shakespeare were read: A sketch of his life, the balcony scene (this probably referred to the balcony scene from "Romeo and Juliet"), an article, "Do Shakespeare's plays coincide with known facts." A discussion on Shakespeare's Heroines occurred and Booth's favorite passages were read.

A program topic followed World War I was fittingly called "Reconstruction After the World War." No topics in keeping with the so-

called "Roaring Twenties" or prohibition seemed to have been listed. As the secretary said the reason for this was that most people didn't know the twenties were roaring until about 1935.

In 1918, immediately after the First World War "a Plea for Milk for Babies of France was brought before the group." Money was donated for dry milk to be sent to France. Aid was also extended to relief victims in France and prior to the war, help was given to Poland. In 1918 a fitting topic was "Helping to Win the War."

During the war effort the club assisted various war relief causes. They contributed to Wild Flower Preservation, the YWCA, the Adams County Home for the Aged, the Warner Hospital. Since 1937 the club has contributed to the Heart Fund, the Red Cross, the Library and others.

For the Christmas season they give food and clothing to needy families. Recently they have given money to welfare for children at Christmas.

In June 1921 the meeting date was changed from Wednesday to the third Thursday of the month. It has been the same ever since.

Originally members gave programs. Recently the club has been procuring outside speakers, such community people as Miss Bettie Livermore who has addressed the group about county welfare.

Occasionally a theme was taken for the entire year, as the study of South America. One year the group studied the history of the state of Pennsylvania. Every summer the club goes to Allenberry Playhouse to attend a summer matinee performance.

As a club they attempt to contribute to "the mutual benefit and pleasure of the members" according to the Constitution written in 1914 at the founding of the club.

Officers of the club are: President, Mrs. Henry Thomas; vice president, Mrs. Fred Lewis; secretary, Mrs. Dean Asquith; treasurer, Mrs. Allen Stauffer.

GOP LEADERS DEMAND CUT IN FOREIGN AID

By JACK BELL

WASHINGTON (AP)—Senate Republican leaders reportedly have told President Eisenhower's aides bluntly to pare administration foreign aid requests below \$4,300,000,000.

In an unannounced session, the GOP leaders reviewed prospects for Senate action on a \$3,800,000,000 foreign assistance authorization bill passed 273-122 by the House yesterday.

One Republican, who asked not to be named, said Eisenhower's assistants were told they would be lucky if the Senate added half a billion dollars to the House figure. The administration originally requested \$4,900,000,000.

The President's aides were told firmly, this conferee said, that they must justify fully and in detail any proposed increases over the House ceiling. Even then, the consensus of the GOP leaders was that it would be difficult to obtain any boosts.

Will Impair Defense

John E. Hollister, director of the International Cooperation Administration, has said that if the billion-dollar cut in military aid funds is allowed to stand, it would "seriously impair programs essential to the defense of the United States."

Leading Democrats made it clear heavy weight will be put behind a move to slash the House amount further in the Senate.

Sen. Long (D-La.), who has sponsored fund-cutting amendments in the past, said he was happy about the House slash and hopes the Senate will make further reductions.

Long is a member of the Senate Foreign Relations Committee which will begin voting tomorrow on items in the authorization bill. Sen. Mansfield (D-Mont.), another member of the committee, said he doubts seriously that the House-approved total will be increased, even if added White House pressure is brought to bear.

Sen. Byrd (D-Va.) joined Sen. Russell (D-Ga.) in demanding further reductions.

Byrd said there is a backlog of between six and seven billion dollars in unspent aid funds. He said he thinks 1½ billions can be cut off the House authorization.

lars below President Eisenhower's request.

The formal roll call vote confirmed House opposition this election year to an overseas aid program as large as the \$4,900,000,000 Eisenhower said was needed for American and free world security.

RED CHIEF RAPS STALIN AS EVIL HAREM MASTER

PARIS (AP)—Communist party chief Nikita Khrushchev has informed other Soviet leaders that Joseph Stalin in his later years kept a harem of young girls, the mass circulation newspaper France-Soir reported Monday.

It said in a dispatch from Vienna that Khrushchev recently told his colleagues Stalin was subject to "sexual aberrations, a veritable erotomania — sexual insanity — sexual obsessions degenerating into sadism directed toward younger and younger girls."

The article said Khrushchev declared Stalin's harem was recruited for him by his police boss, Lavrenty Beria, and that Beria confessed this before he was put to death as a traitor.

France-Soir said Khrushchev's revelations were made to a small group of Soviet leaders and were intended to be more confidential than his accusations against Stalin in his February speech to the Communist party Congress. France-Soir was the first Western newspaper to publish the text of that speech—about a week before it was released by the U. S. State Department.

The newspaper's Vienna dispatch also said Khrushchev accused Stalin of murdering his second wife, Nadejda Alluyeva, when she disapproved of his order deporting dispossessed peasants to remote parts of the Soviet Union. It said Stalin, according to

State Closes Year In Red, Says Bureau

HARRISBURG (AP)—With a general fund income of \$499,877,000, Pennsylvania technically ended the fiscal year ending last May 31 in the red, figures issued by the Budget Bureau showed Monday.

The State Budget Bureau report said expenditures for the year totaled 170 million dollars more than income but noted that sales tax receipts during that time were negligible.

The sales levy was not enacted into law until near the end of the fiscal year.

Pennsylvania, however, operates on a two-year fiscal basis and the yield from the sales tax until next May 31 ranges from estimates of 275 million dollars to 322½ million dollars.

In addition a 52 million dollar speedup in the capital stock tax is expected to ease the state's financial matters during the second half of the biennium.

Khrushchev, fired a gun at his wife, then strangled her, France-Soir's report said Khrushchev had suggested Stalin's crimes were so heinous that he should be tried even though he is dead.

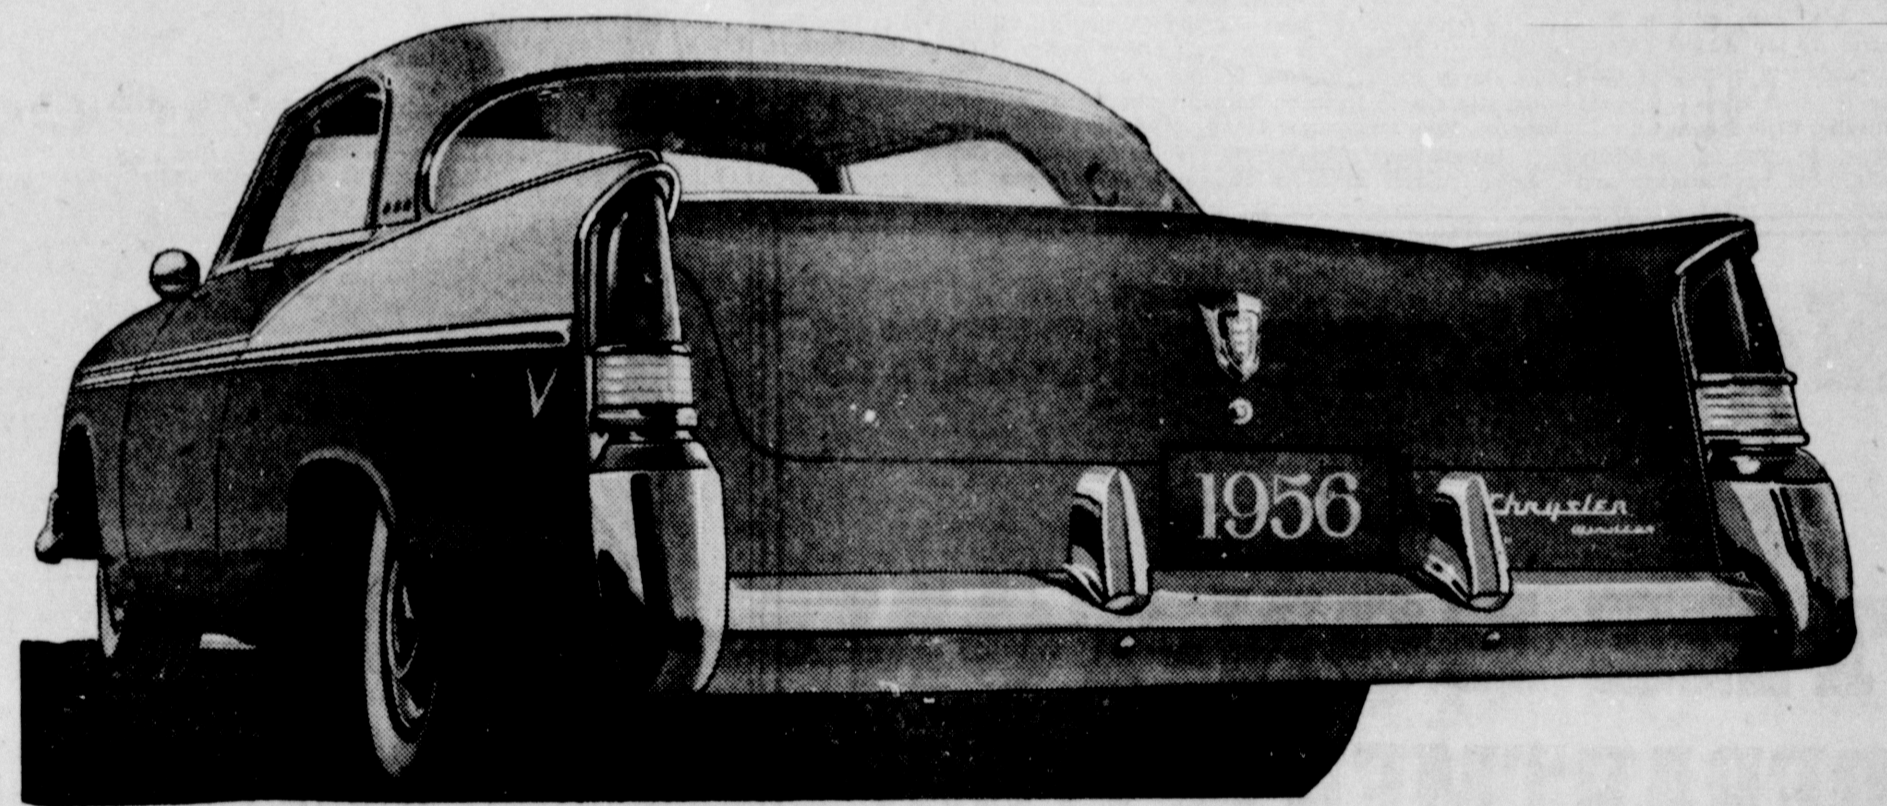

It often has been reported in the West that Stalin was responsible for his wife's death.

Local Soroptimist Club Has Outstanding Record For Community Service

Service is the heart of Soroptimism, a vital, energetic organization which stands for the sincerity of friendship, the joy of achievement, the dignity of service, the integrity of profession and the love of country. The vitality of the service work has made the Soroptimists the largest international classified service club for women in the world.

The Soroptimists were first founded by a group of civic-minded, executive women who wanted to be active in serving their community. The Soroptimists are a non-political organization. While it is similar to the Lions or Rotary Clubs in that it is not a general business club, Soroptimists take members from each business field.

The word itself is coined from two Latin words — Soror for sister; Optima for Best. We sometimes use a free interpretation of this to define our membership as "representative women in business or profession" — and also to mean "Soroptimists put forth their best efforts to promote service projects for the betterment of the community."

Began In 1938

Gettysburg joined the 34-year-old organization in 1938 with 22 charter members. With nine officers and the 22 original members the club undertook humanitarian community work with its 100 per cent backing of the child health program which was being carried on as a WPA project. The project was later expanded to include dental work and in supplying glasses and correcting eye weaknesses and removing tonsils. The club helped to meet the costs of materials and aided in paying the small hospital fees.

Since the initial campaign of the club, united efforts have been made in various phases of community life aside from their international work. Since 1940 the club has busied its members with the following projects: the operation of a center for used clothes and old magazines to be distributed through welfare organizations; Christmas baskets for the poor; kits for service men in 1942 in cooperation with the Red Cross; contributions to student nurses' aid in China in 1943, used for two Soroptimists Clubs operating then in occupied China; helping to finance the Honor Roll in the Court House; contributions and assistance to Boy Scouts, playgrounds, Colored Church work, and the YWCA; entertainment for wartime service clubs; food stands for the Welcome Home celebration of the World War II veterans; sending food abroad; dissemination of education on mental health; contributions to Evergreen Cemetery; support of the Infantile Paralysis Fund; participation in the 1952 pageant, "Mr. Lincoln Goes To Gettysburg"; aid to Adams County Home for the Aged; gifts of children's books to the Adams County Library; support of UNESCO's work abroad.

Display Civic Interest

According to the old publicity scrapbooks kept by historian and

recording secretary, Mrs. Elizabeth Hennig, club members have adopted opinions and taken firm stands on civic and political matters concerning borough institutions. On May 12, 1941, the club decided to send a letter to Adams County officials to protest against having the court house painted gray. The newspaper says, "The club has suggested 'the old landmark' be painted red with white trimmings." The community had planned on gray with dark pearl gray trimmings. Later, in or around 1945, the club went on record as favoring the retention of the present site for the Adams County Jail. They also vehemently favored the construction of public comfort stations in the town. According to Mrs. Hennig, it was one of the first utterances favoring stations in the fight for the construction of the stations. In 1948 the club sent a letter to the burgess urging the town to keep the central plot in the center of the Square. They endorsed having the name of the square changed from Center Square to Lincoln Square in 1950.

Currently the club is working on their primary project, aid for the Retarded Children's Day Care Center in Gettysburg. In addition to providing funds for supplies and equipment for the school, club members have given the children Christmas parties and baskets at Easter. During March, the Soroptimist Club successfully sponsored a county-wide drive to raise \$1,000 for the Day Care Center.

Assistance to a county girl attending Women's Medical College at Philadelphia is given annually by the Soroptimists.

"The Helen Cope Award" is given by the club to the outstanding senior High School student, selected by the faculty as being the best English student and all-around girl during four years in High School."

The first officers of the club were Mrs. George F. Eberhart, Miss Sara Clark, Mrs. David Blocher, Mrs. Harvey Raffensperger, Miss Dorothy Brindle, Mrs. Guyon H. Buehler, Mrs. Clyde Daley, Mrs. Elizabeth Hennig, Miss Mable Grenoble.

The original charter members were Mrs. Jacob Britcher, Mrs. Ned Buohl, Mrs. Floranna Fowler, Mrs. Jessica Hance, Mrs. Wayne M. Keel, Miss Elizabeth Martin, Miss Virginia Myers, Mrs. Eva Pape, Miss Julia Peters, Mrs. Horace Armor, Sara Rodgers, Mrs. C. T. Ziegler, Anne Mumper.

Officers for 1956-57 are: president, Mrs. George W. Bohner; first vice president, Mrs. Martin A. Rice; second vice president, Mrs. S. A. Higginbotham; treasurer, Miss Anna Weaver; corresponding secretary, Mrs. S. A. Burton; recording secretary, Mrs. Elizabeth Hennig; director for three years, Miss Martha Stallsmith; director for two years, Mrs. Curtis Flohr; director for one year, Mrs. Guyon Buehler; honorary member, Elsie Singmaster Lewars.

MOTHER OF 38 FOSTER GIRLS TO BE HONORED

EAST BRUNSWICK, N. J. (AP)—"It all started after our only daughter got married," says Mrs. William Yates, mother of 38 foster daughters, who will be honored today as New Jersey's Foster Mother of the Year.

Gov. Robert B. Meyner will present M. and Mrs. Yates, of Old Bridge, a silver tray donated by the State Board of Child Welfare. The silver-haired woman said when her daughter, now Mrs. Albert Latschar of Franklin Township, got married some 25 years ago, she told her husband she would be lonely.

"Since then," she said, "we've had foster children at home . . . sometimes as many as six or seven girls."

Yates said sometimes he would take his grandson and one of his adopted daughters and go to a swimming pool.

"Girls Stay Home"

"Well," she said "we were the center of attraction when people saw two kids of the same age, one calling me 'father' and the other 'grandfather' . . ."

Mrs. Yates explained her foster children are all girls "because we want them at home, and girls spend more time at home."

"The only way to bring up a child is to teach the child to have respect for the home," she said.

Her 38 foster daughters visit her very often, she said, and one lives next to her home. But despite the commotion the house is spotless.

The walls are covered with photographs. Many wedding pictures are also in the house.

Mrs. Yates says her fondest memory of her "daughters" is when the natural grandparents of two of her foster girls wanted them to go and live with them. The children refused, she said, and stayed with her and grew up like natural sisters.

"One night," she said "around

main in the club: Mrs. George F. Eberhart, the first president, Mrs. David Blocher, Mrs. Guyon Buehler, Mrs. Elizabeth Hennig, Miss Virginia Myers, Miss Julia Peters and Mrs. C. T. Ziegler.

Three federations comprise the Soroptimists: one in America, one in Great Britain and one in continental Europe. Internationally there are over 900 clubs and 30,000 members. Twenty-six countries have clubs; the latest is Israel. In the American Federation are included as many as 627 clubs. The Soroptimists therefore aim at all angles of life, national and international as well as community levels.

For the first time in the history of the Soroptimists the International Convention will be held in New York City, August 6-11 at the Waldorf-Astoria Hotel. This convention immediately follows the biennial convention of the American Federation of Soroptimist Clubs at the Waldorf, July 29-August 3.

POLIO SHOTS MAY HELP PARENTS, SAY EXPERTS

By ALTON L. BLAKESLEE

Associated Press Science Reporter

CHICAGO (AP)—Going full speed ahead with Salk polio shots might even protect some unvaccinated persons, including parents of young children, two polio experts said Monday.

Vaccinated children may become far less able to pass natural polio infections to other family members. There would be fewer "silent carriers" who could spread dangerous virus during epidemics to others.

The chances that Salk vaccine shots could bring this extra dividend were described by Dr. Jonas E. Salk of the University of Pitts-

burgh, who developed the vaccine, and Dr. David Bodian of Johns Hopkins University, Baltimore.

Urge Immediate Shots

They spoke at a polio symposium at the opening of the 105th annual meeting of the American Medical Assn.

Simultaneously, Dr. Leonard Scheele, surgeon general of the U.S. Public Health Service, called for use of "every drop" of Salk vaccine as soon as possible, even during polio epidemics.

"Vaccine given in July and August will prevent paralytic cases and even deaths in August and September," Dr. Scheele declared.

Salk vaccine is being given mainly to children under 15, the most susceptible to this crippling disease.

But even so the shots could hit at the strongest link in polio's chain of infection—the passage of natural infection from human to human, Salk and Bodian said.

Produces Antibodies

Vaccination produces antibodies standing guard in the blood to intercept polio virus before it strikes at nerves.

But it might also reduce the length of time or degree to which a child harbors or reproduces virus which invades him later on.

Dr. Salk said it appears some persons infected naturally by polio virus become "silent reservoirs." Although not sickened themselves, they can become sources of infection, passing virus on to others.

Vaccination could conceivably make them so sensitive to unavoidable natural exposure that they quickly turn out great amounts of protective antibodies.

Their own infection could be controlled sooner, reducing their carrier state.

Young Prince Will Meet With Russians

CAIRO, Egypt (AP)—Self ul Islam Badr, slim young crown prince and premier of the isolated Arab kingdom of Yemen, left by plane Monday to talk economic aid in Moscow.

Badr was accompanied by a Yemenite trade delegation on his first venture behind the Iron Curtain.

The prince has had little experience outside his primitive country and some observers expressed fears he might be an easy mark for the Russians. However, he was accompanied by one of the shrewdest statesmen the Arab world—Quadi Mohamed el Amri, deputy foreign minister of Yemen. El Amri is considered the most influential man in his country outside the royal family.

Urges NATO, Talks To Pacify Cyprus

MANCHESTER, England (AP)—Opposition Labor party leader Hugh Gaitskell says Britain's government could solve the Cyprus dispute by reopening talks with exiled Archbishop Makarios or turning the problem over to NATO.

Gaitskell told a Manchester meeting last night his party does not approve of the Eden government's "policy of repression" on the strife-torn Mediterranean Isle.

He urged a negotiated settlement to give Cypriots immediate self-rule, safeguard rights of the Turkish minority on the island and provide for its use as a British military base.

SEEK \$5 BILLION FOR TURNPIKE

HARRISBURG (AP)—The Pennsylvania Turnpike Commission Monday sought a \$5 million dollar loan from unused construction funds as a "financial cushion" against toll boosts on the superhighway.

Chairman G. Franklin McSorley said the two-year loan would be a "paper transaction" but if approved could possibly avert an increase in tolls.

The chairman said over the weekend he had discussed the loan proposed with Howard Peterson, Philadelphia, a representative of the trustee firm of the turnpike bondholders, the Fidelity-Philadelphia Trust Co.

Peterson said he agreed to take up the proposal with counsel for the bondholders.

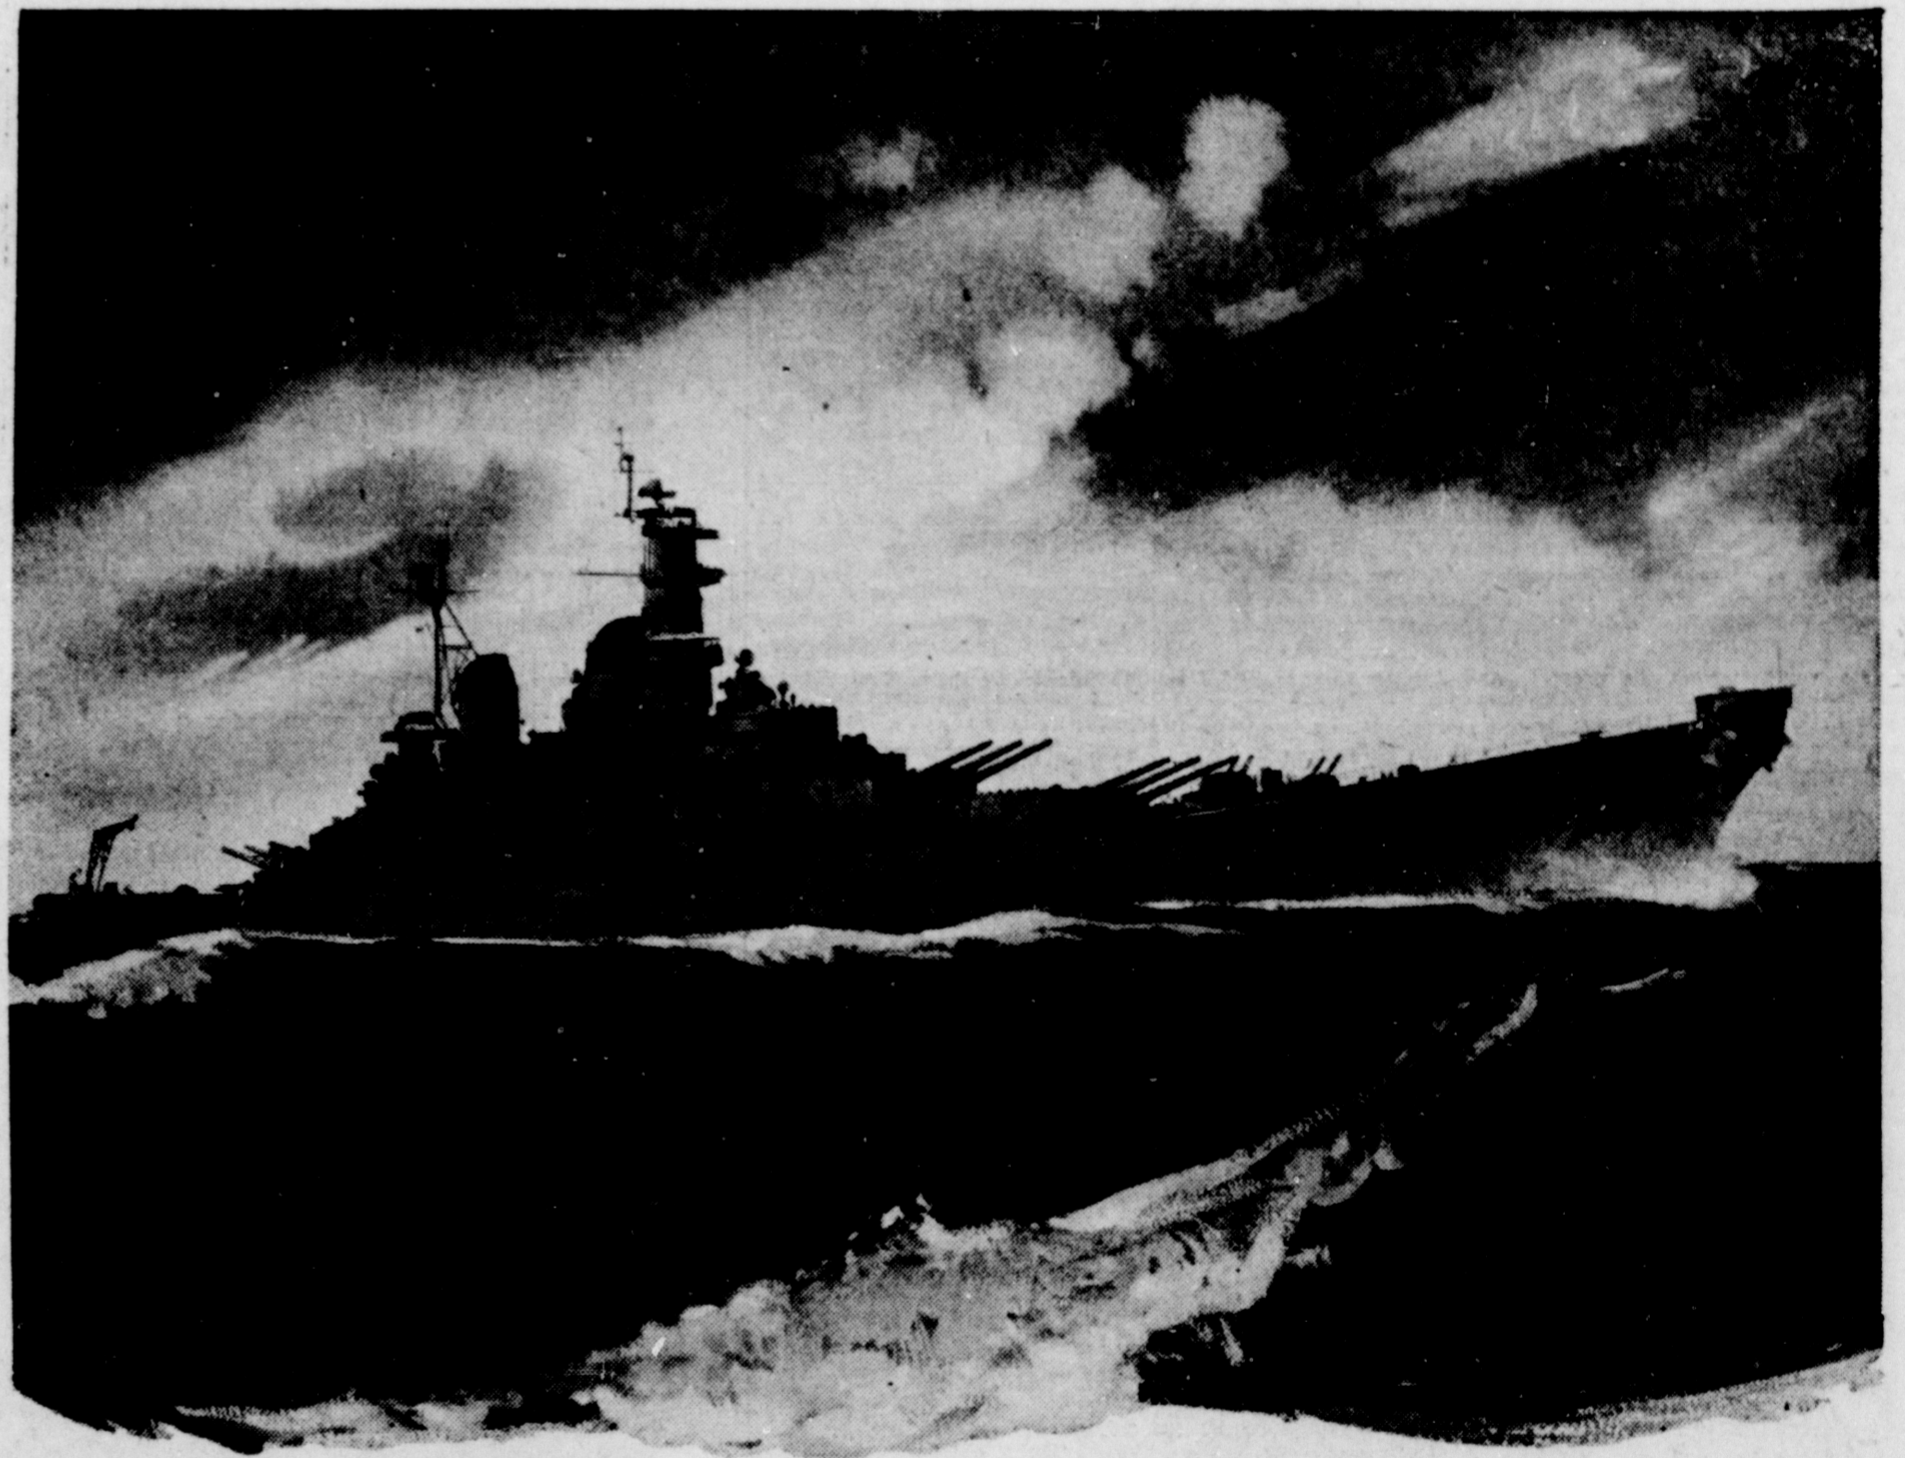

McSorley offered the plan as a Senate legislative committee prepared to renew Wednesday its investigation of a proposed but suspended passenger toll increase.

The proposed increase, suspended indefinitely after Democrats got control of the commission, would have boosted auto rates 41 per cent and chopped truck tolls 20 per cent for across-the-state trips.

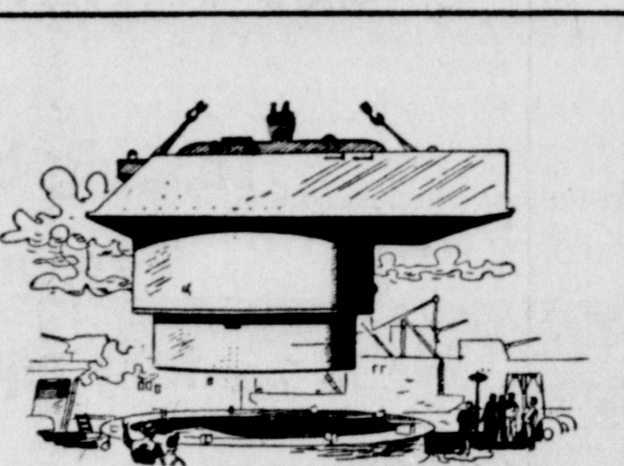

McSorley explained that the temporary two-year \$5 million loan would draw from an estimated 25 millions in "savings" from construction of the 110-mile north-eastern extension from Plymouth Meeting near Norristown to Scranton.

ence on Cyprus.

Gaitskell said the Cypriots could be permitted to settle the question of Enosis—union with Greece—later on.

FISCAL HURDLES ARE AHEAD FOR MANY SCHOOL DISTRICTS IN PA.

(Editors note: On June 1, Gov. Leader signed into law legislation granting higher salaries for teachers and other professional school employees. The same day he also vetoed a companion measure, that would have obligated state funds to reimburse school districts for the salary boosts. The two actions resulted in a fiscal dilemma for most Pennsylvania school districts. This is the first of a three-story series setting down the problem, possible solutions and what action some districts are considering.

By DICK HOENIG
HARRISBURG (AP)—Mothers and children especially know the school bells won't ring again until September. But every school administrator in Pennsylvania today is acutely aware of a perplexing and vital money problem that his district must face this month, this fall or next spring.

It is: How to finance locally the extra \$200 pay increase ordered by the Legislature for the state's more than 60,000 school teachers and professional employees.

Fiscal dilemmas are nothing new for most of the state's 2,500 school districts only this time the problem has a new twist. In 1955 and early this year many districts were strapped to meet obligations because of the delay in state subsidy payments. Therefore, many have had recent experience in figuring out fiscal jigsaw puzzles.

13 Millions To Raise
This year, simply stated, they must find legal and practical methods of raising a collective 12 to 13 million dollars for the coming school year which begins July 1. This is to cover the new \$200 raise and is above and beyond the \$200 pay boosts all teachers receive automatically and which also has to be financed locally.

The teachers get the first \$200 under a 1951 law which granted \$200 boosts yearly through 1961. Districts are reimbursed by the state during the school year after the raise goes into effect.

On June 1 when Gov. Leader approved the new \$200 raise he also vetoed a companion subsidy measure that provided for state aid to cover the increases. He made it clear he did not believe the veto would "affect the provi-

sions" of the pay raise bill.

Would Have Broken Pattern
These were the reasons he gave for the veto:

1. "In vetoing House Bill 584 I am maintaining the established practice of subsidizing local school districts. The bad feature of the bill is that it roll forward for one year the state subsidy to school districts at a time when money has not been made available.

2. "It increased the state subsidy to local school districts for the year 1955-56 when teacher salaries were not increased until the school year 1956-57."
The subsidy bill would have reimbursed districts immediately for the \$200 additional they must pay out during the coming school year. This would have "broken the pattern" and would be "bad legislation for us to break because then you would have a monstrosity on your hands," the governor said.

To Get Money On Time

Gov. Leader's veto explanation also furnished school districts with two big hopes.

"In order to accommodate the local school districts," he asserted, "I shall see to it that the state subsidy to local districts due this fall will be paid on time so that the districts will not suffer a hardship by delay as they have too frequently in the past."

And, "in January of 1957 I shall

recommend at the outset of the legislative session a new bill which will maintain the traditional pattern of paying school districts to the local school districts to assist in meeting the cost of House Bill 583 (the new pay raise)."

Pinch Comes In Spring

At least one state official, J. Hugh Henderson, chief of the Public Instruction Department's School Business Division, thinks that many districts actually will not feel the pinch until next spring.

"It will catch up with many districts next spring," he said, "when most of the school taxes are already in and there are no outstanding state appropriations on the way."

School districts generally show a better bank balance at the beginning of the school term, early in the fall, because 80 to 90 percent of the tax money is received soon after the notices go out and when a discount is in effect.

"Unless a district is already in bad financial condition it may not be until Jan. 1, 1957, or later, until it begins to feel the pinch," in the opinion of another schoolman, P. O. Van Ness, president of the State School Directors Assn.

Tomorrow's story deals with the half dozen possible solutions available to the school districts.

ALLEGED BRINK INFORMANT IS SLAIN; 2 HELD

BOSTON (AP)—Two men were booked Monday on suspicion of murder in the gangland-style slaying of an ex-convict who reportedly divulged information to the FBI about the \$1,218,211 Brink's robbery.

The victim was William J. Cameron, 49, a Dorchester district hoodlum whose body was found Sunday in his parked car at the rear of a Navy barracks building on the South Boston waterfront.

Booked on a charge of "suspicious persons in connection with murder" were Thomas J. Ballou, 27, of Quincy, who was free in \$20,000 bail on an indictment of being an accessory in the Brink's robbery, and Thomas A. Callahan, 50, an ex-convict waterfront "tough guy."

Was Recently Beaten

Police said they have information that Callahan recently beat Cameron severely after accusing him of being a "stool pigeon" — an informer.

Ballou was indicted less than a month ago after authorities accused him of serving as courier for Thomas F. Richardson, 48, and James I. Faherty, 44, while both lay in hiding in a Roxbury district tenement.

Richardson and Faherty were the last to be captured of the 10 men in custody on charges of being the Brink's robbers.

Cameron's body was slouched under the dashboard of his car with two bullet holes in his face, one at the nose and the other in his right cheek.

Lived In Hideout

A police official said Cameron once lived in a house that had been "staked out" as the hideout for Faherty while he and Richardson were evading police for more than a year.

The official said Cameron apparently never got the money he was promised for hiring the Boston apartment and went to the FBI after several attempts to collect his "fee" for his services to Faherty.

Callahan was described by police as a close friend of Jordan Perry, 31, of Boston, who was arrested in Baltimore about a week ago on charges he tried to pass about \$4,000 of the Brink's loot.

Perry's arrest led to a raid on a Boston office and rooming house where some \$90,000 in Brink's money was recovered from behind a wall panel.

Callahan, who has a long police

record, had been sought since Perry's arrest in Baltimore. He was arrested as he drove up to his house.

Cameron had been questioned at least three times in connection with the Brink's robbery of Jan. 17, 1956, police said.

Cameron's 48-year-old widow Pauline was quoted by police as saying her husband got a phone call about 12:15 a.m. Sunday while they were watching television.

She said she heard her husband say over the telephone: "Where can I meet you? I'll see you in about 15 minutes."

Twenty minutes later, Mrs. Cameron was quoted further, a male visitor came to their door and her husband — wearing work clothes and slippers — left with after shouting to her: "I'm going to give him a push."

Police theorized the visitor reported his car had broken down and was in need of a tow.

Cameron's body was found about two hours later.

CLAIMS IKE'S AILMENT MAKES VOTERS PONDER

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — President Eisenhower's second physical crisis in nine months will force voters to think again of what they asked themselves the first time: Should he be given another four-year term?

The question does not arise out of lack of confidence in Eisenhower's honest opinion of what he thinks is best for himself and the country. He has said he will frankly say if he's not up to another four years.

But he is a man of 65, carrying the enormous burden of the presidency. He would turn 70 before the end of a second term. He has had two major illnesses within these nine months: a heart attack and an intestinal block.

Quiet Down
Because of the great public liking for him and trust in his judgment, questions about his physical fitness quieted down once he said the heart attack that he felt he could stand another four White House years.

But now, in view of this second illness, voters cannot help asking themselves this question, even though he may again say he feels able to run for re-election:

Are these two illnesses so close together simply accidents that

could happen to any man? Or are they signs of a physical weakening under the stress and strain of the presidency that may be repeated?

"Avoid Fatigue"

Eisenhower himself has said, "The presidency is probably the most taxing job, as far as tiring of the mind and spirit. . . . My future life must be carefully regulated to avoid excessive fatigue."

His doctors have said he will not be able to resume his full duties for at least a month. This means—counting 3½ months after his heart attack—that for 4½ months in a year he could not function fully.

The doctors have said there is no connection between the two illnesses, and they have been almost enthusiastically optimistic about his ability to run again. And Eisenhower has shown remarkable recuperative powers.

Wait Again

In fairness to himself and to the country he probably will wait until he is back on his job full-time before saying for the second time whether he will try for re-election. That will be mid-July. Until then he will leave Democrats and Republicans with their tongues hanging out—but wagging—in opposite expectation, the Republicans knowing their best hope is Eisenhower, the Democrats knowing their best hope is anybody else.

NORTH KOREANS SAY U.S. PLANS ATOM WAR THERE

TOKYO (AP) — Communist North Korea has charged the United States is planning a new war in Korea.

The North Korean Foreign Office said the U.N. Command's expulsion of the four-nation armistice inspection teams from South Korea showed that the United States plans to bring atomic arms and other new-type weapons to South Korea.

Peking radio also blasted the ouster of the truce group as a "rude and unscrupulous action" and said it "places the entire Korean armistice agreement under threat of being wrecked."

Charges Broadcast

The North Korean communique, broadcast by Pyongyang radio, termed the expulsion "an act destroying the armistice in Korea." But North Korea indicated it would continue to observe the armistice, saying the truce could not be nullified nor the powers of the truce teams changed by what it called a unilateral U.S. action. The U.N. Command airlifted the truce inspectors from the South to the neutral zone between the two Koreas Saturday. The truce supervisory commission announced it was pulling its teams out of North Korea also.

The United States and its 15 allies in the U.N. Command charged the Communist Polish and Czech members of the truce commission had conspired with the North Koreans in an effort to hide a Red arms buildup in violation of the armistice.

MARION and BOB had a lot to "talk about" over a second cup of coffee this morning...

Marion: I never slept so soundly in my life.

Bob: Me, too. And without any effort—no rolling and tossing.

Marion: It was wonderful for the children too. They finally got a full night's sleep.

Bob: Yes, it was 9:30 instead of 11 for a change.

Marion: The girls in my bridge club are looking forward to the card session here this afternoon in cool comfort.

Bob: Only trouble is, they might do too much raving, not enough playing.

Marion: And, your folks... This visit has so spoiled them that they are going to get air conditioning too, as soon as they get home.

Bob: It'll be the best investment Dad ever made—and he's not too free with his money. But he knows a bargain all right.

Marion: I wish we had bought ours several years ago when Jack and Nancy did.

Bob: Of course, prices were higher then and terms were not as low.

Marion: What time are the boys coming over for that meeting tonight?

Bob: About eight. And wait 'til you hear them—they'll all be getting air conditioning within a week I'll bet.

DO YOU have a lot to "talk about" over a second cup of coffee? DO you complain rather than smile? DO you leave the house half-asleep after a night of pacing the floor instead of pounding the pillow? Give yourself a break... you deserve the cool, cool comfort of air conditioning in your home day and night. See your Reddy Air Conditioning Dealer today about this low, low terms so extra easy to pay!

REVOLT LEADER IN ARGENTINA UNDER ARREST

BUENOS AIRES, Argentina (AP)—Gen. Juan Jose Valle, sought as a top leader of last weekend's brief but bloody revolt, was reported captured early today.

The newspaper Clarin said it had received information that Valle was taken prisoner and "placed at the disposition of the Army Ministry." Clarin said it did not know where he was seized or whether he had been court-martialed.

There was no official confirmation of the report.

Valle and Gen. Raul Tanco, both military bigwigs in the regime of deposed President Juan Peron, were named by the government as the key military leaders in the abortive rebellion. Tanco apparently was still at large.

It was considered likely Valle would face a firing squad, since a high government spokesman said earlier a presidential order committing 11 death sentences set no precedent for other persons arrested and especially did not extend to Valle and Tanco.

May Get Life

The source said the clemency action by Provisional President Pedro Aramburu affected four men in Santa Rosa, the capital of La Pampa province, four non-commissioned officers at Buenos Aires' Campo de Mayo and three men at La Plata. The order came after firing squads had executed 36 military men and civilians as participants in the revolt.

The source said the 11 probably will be sentenced to life imprisonment.

Military courts meeting in secret sessions now are deliberating

the fate of more than 300 persons arrested after the uprising was put down Sunday. Possibly 100 or more persons died in the brief fighting.

Both Valle and Tanco were retired from the army after Peron was overthrown. The government said Valle would have taken over as president if the revolt had succeeded, and it was believed Tanco was to be vice president.

Aramburu told a news conference the main body of the rebellion was formed of diehard supporters of Peron. But he said the "head operated with the style of action used by the Communists."

"This movement has ramifications in the rest of America," Aramburu asserted. "By suppressing it we are defending not only Argentine liberty and democracy, but also that of all the American continent."

W. ROCKEFELLER WEDS DIVORCEE

HAYDEN LAKE, Idaho (AP)—Winthrop Rockefeller, 44, and his bride, the former Mrs. Jeannette Edris of New York, were married yesterday in a surprise ceremony.

Although the new Mrs. Rockefeller is well known in Washington and Idaho circles, the first news of her wedding came in the form of a printed release handed out to newsmen in Spokane, some 30 miles from the Hayden Lake cabin where she was married.

The couple left immediately after an informal reception at the lake home of the bride's parents for a brief wedding trip.

Heiress To Fortune

The 37-year-old bride, heiress to a million-dollar fortune, is the daughter of William Edris of Seattle, owner of a theater chain, a food processing plant and a

Littlestown CUB PACK 84 MAKE PLANS FOR SUMMER EVENTS

The summer program of Littlestown Cub Pack No. 84 was planned at a meeting of the den mothers and Pack officials Monday evening at the American Legion Home. Cubmaster Stewart N. Long and Assistant Bevan F. Hanlon presided.

The first activity will be a family picnic and fishing contest on June 23, 6 p.m., at the Littlestown Fish and Game farm. Each family is asked to take a basket lunch. Ice cream and beverage will be provided. Robert Myers, den dad, will be in charge of the fishing contest. Other fathers are requested to assist. Prizes will be awarded for the largest fish, first fish caught and the most fish caught. In case of rain, the affair will be held June 27.

The Red Cross swimming program for the local Cubs will be held July 16-27 at Crouse's Pool, near town, and all Cubs are asked to go to the pool at 10 a.m. on July 16. Mrs. Earl L. Suites, Mrs. John Burgoon and Mrs. Paul M. Bowman, den mothers, will be in charge. Volunteer drivers are needed to transport the Cubs to the pool, and those wishing to offer their services are asked to notify one of the above mentioned den mothers, Cubmaster Long or Assistant Hanlon.

Overnight Hike

The group made plans for an overnight hike August 18, leaving from the E. King St. School building, hiking to the Fish and Game farm. There will be a wieners roast later in the evening. Breakfast will be served Sunday morning and the Cubs will return home in time for church or Sunday School.

The Cubs will be guests of the Baltimore Orioles' management at a baseball game in Baltimore August 25.

Cubmaster Long and Assistant Hanlon will attend a testimonial dinner in York next Wednesday evening, honoring Jack Watson, who is retiring from Scouting.

DRY - STORAGE EYE BANK GIVES SIGHT TO TEN

CHICAGO (AP)—A revolutionary new kind of dry-storage eye bank is giving sight to 10 once-blinded husbands, a physician said today. They are seeing the world again through borrowed corneas or "windows" of the human eye. But these corneas were first dehydrated and then stored very simply for weeks or months.

Present eye banks can keep corneas in good shape under refrigeration for only a few days before they deteriorate. Blind patients sometimes spend expensive hospital stays until corneas, donated from dead persons, can reach them to try to restore sight.

Untold thousands of persons in this country and over the world are blind simply because their own corneas in the front of the eye have been clouded, scarred or damaged by disease or accident. Other thousands appear with

large amount of Washington state real estate.

She was married at 17 to Nathan Barrager, a football player from Southern California. The marriage ended in divorce within a year and three years later she was wed to Bruce Bartley, a Seattle attorney she later divorced.

Two children by that marriage, Bruce and Anne, attended yesterday's wedding. A marriage in 1949 to Donald M. McDonnell, a Wall Street investor, also ended in divorce.

Rockefeller's marriage to Barbara (Bobo) Sears in 1948 ended in 1954 with a divorce and a \$12-million-dollar settlement. The couple had one son.

In Research Stage

The new method takes the water out of the cornea tissue, permitting simple storage in a test-tube, under vacuum, for months. Corneas presumably could be shipped anywhere needed.

The new technique, still in research stage, was described to the American Medical Assn. by Dr. John H. King Jr., associate professor of ophthalmology at Georgetown University Medical Center, Washington, D.C.

The dehydration method, without freezing, was developed in research at the Army Ocular Research Unit at Walter Reed Hospital, of which Dr. King was a member. He retired very recently as an Army Medical Corps colonel.

Freeze-drying can preserve corneas for up to nine months. But they must be kept cold, and specially packaged for movement.

Simple drying offers great advantages. The watery fluid in the corneas is driven out or replaced by glycerol. Just before use, the cornea is soaked in a special salt solution, with normal watery fluids replacing the glycerol.

Since John Vaught became head coach at Mississippi in 1947, Ole Miss footballers have won 64, lost 20 and tied 5.
